

RÉSUMÉ DIGEST

ACT 314 (HB 296)

2021 Regular Session

Selders

Existing law provides for criteria that establishments selling beverages of high- and low-content alcohol shall meet to fulfill the requirements for a Class C permit.

Prior law provided that a "Class C-Package Store" was an establishment that did not allow the consumption of any alcoholic beverage for any purpose or reason on or about the licensed establishment unless and except as otherwise provided.

New law repeals this requirement.

New law provides that a "Class C-Package Store" is an establishment that operates a package store whereby the primary sales of alcoholic beverages at the location are sales of factory-sealed containers for off-premise consumption. Provides that the retailer may sell alcoholic beverages for on-premise consumption not to exceed 20% of the business' annual revenue of alcoholic beverage sales. Provides that such sales shall be subject to audits.

Effective August 1, 2021.
