EXPENDITURE EXPLANATION

There will be an indeterminable increase in SGF expenditures for the Department of Public Safety & Corrections - Corrections Services (DPS&C) as a result of the creation of the Back on Track Louisiana Pilot Program. The Back on Track Louisiana Pilot Program is subject to the availability of funds and appropriate resources.

DPS&C will pay sheriff's offices for each inmate enrolled in the program according to the following formula:

- 1) DPS&C will calculate 1/2 of the average number of days of incarceration of an inmate times the amount the department pays the sheriff each day for the housing of inmates in parish jails (**base rate**);
- 2) DPS&C will multiply the total percentage value of the criteria accomplished by each inmate by the value established above (**value criteria**).

Base Rate X Value Criteria = Amount paid to the sheriff for each inmate.

The amount paid for each inmate in the program will be in addition to the statutory daily rate of \$26.39.

Note: No parish jails have yet been identified to participate in the pilot program.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
