Existing law provides that the gaming control board and the parish governing authority shall enter into a casino support services contract to compensate the governing authority for the cost of support services resulting from operation of the land-based casino. Requires approval of the Joint Legislative Committee on the Budget (JLCB). If a new contract is not agreed to by March 31, the current contract shall remain in full force and effect. If the JLCB approves the contract, it shall remain in full force and effect.

New law retains existing law but adds the requirement that the chairman of JLCB notify the treasurer of the amount of the new contract.

Existing law provides that if JLCB disapproves or does not act upon the amount of the contract, it shall be nullified.

New law retains existing law and adds a provision that if JLCB disapproves or does not act upon the amount of the contract, the treasurer shall not deposit any monies into the Casino Support Services Fund which new law establishes as a special treasury fund to provide compensation to the parish governing authority pursuant to a casino support services contract.

New law provides that monies in the Casino Support Services Fund shall be appropriated to the parish governing authority and used to compensate the parish for its costs for providing support services resulting from the operation of the official gaming establishment.

- (2) 90% to the SELF Fund.

- (1) The first \$1,800,000 shall be deposited into the Casino Support Services Fund.
- (2) The next \$60 million shall be deposited and credited to the SELF Fund.
- (3) Any revenues in excess of the above amounts shall be deposited into the Casino Support Services Fund until the casino support services contract is fully funded.
