EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. This bill provides for the parish to work with the office of state purchasing relative to the RFP process. The Division of Administration (DOA) anticipates no material impact to state expenditures.

REVENUE EXPLANATION

This bill may result in indeterminable increase in self-generated revenues. To the extent the DOA enters into a commercial surface lease for 15.646 acres in Jefferson Parish with the winning RFP bidder, the leased property could generate approximately \$1.8 million. The revenue projection is based upon a surface lease rate of 7.5% of the appraised value of the property.

According to the Office of State Lands, surface leases are typically for 5 years and can be renewed up to 9 times for a total time frame of 50 years.
