Provides relative to collection of sales tax on remote sales

Proposed law requires dealers to collect and remit state and local sales and use taxes on a monthly basis on all taxable sales into Louisiana until the LA Sales & Use Tax Commission for Remote Sellers ("commission") enforces the collection and remittance by remote sellers. Proposed law provides for administrative rules that require remote sellers to register with the commission no later than July 1, 2020, and clarifies that local taxes are remitted to state or local collectors. Proposed law specifies that monies collected on behalf of a remote seller are to be deemed the property of the taxing authority and held in trust. Proposed law changes the applicability provisions in current law relative to the Commission from a final ruling in South Dakota v Wayfair, Inc. to any federal law that authorizes requiring remote sellers to collect and remit or U.S. Supreme Court decision that overrules the physical presence requirement. Proposed law expands the jurisdiction of the Board of Tax Appeals (BTA) to all matters related to the Louisiana Sales and Use Tax Commission for Remote Sellers. Effective upon governor's signature.
