HB 607 Original

2021 Regular Session

Deshotel

**Abstract:** Requires the Joint Legislative Committee on Technology and Cybersecurity to examine and consider possible regulatory structures for network installers and cybersecurity providers.

Proposed law requires the Joint Legislative Committee on Technology and Cybersecurity (hereinafter committee) to consider the creation and administration of possible regulatory structures for people engaged in network installation and cybersecurity in the state.

Proposed law allows the committee to consider all structures they deem appropriate and provides an illustrative list of potential approaches.

Proposed law allows the committee to suggest the administrative considerations be delegated to an agency or board.

Proposed law requires the committee to submit a report, or a statement that there are no relevant findings or suggestions to report, prior to the convening of the 2022 Regular Session.
