

Requests that the Board of Regents study, in consultation with the Board of Supervisors of La. State University and Agricultural and Mechanical College, the University of La. System, Southern University and Agricultural and Mechanical College, and the La. Community and Technical College system, the feasibility of implementing a college tuition program that would allow students to pay tuition after leaving college and submit a written report of findings, conclusions, and recommendations to the House and Senate education committees at least 60 days prior to the 2015 R.S.
