

## **RÉSUMÉ DIGEST**

**HR 107**

**2023 Regular Session**

**Freeman**

Requests the La. Dept. of Health (LDH) to study the feasibility of funding a remote monitoring program for technology-dependent children who are tracheostomy patients.

Requests that L.H. develop findings and recommendations and submit such findings and recommendations in the form of a written report no later than 30 days prior to the convening of the 2024 Regular Session.
