Dept./Agy.: LDH		Analyst: Shawn Hotstream
Subject: PBM incentive program		

PHARMACEUTICALS

EG NO IMPACT See Note

Page 1 of 1

Creates the pharmacy benefit managers quality incentive program. (gov sig)

Proposed law requires each pharmacy benefit manager (PBM) licensed by the commissioner to develop a program to provide incentive payments to eligible independent network pharmacies for meeting benchmarks or complying with strategies aimed at improving the health of Louisiana residents covered by the PBM. The program should encourage the use of new technology and obtaining education on best practices. Proposed law provides that a PBM may consult with the University of Louisiana at Monroe College of Pharmacy and the Xavier College of Pharmacy to design a quality incentive program, educate pharmacy students and pharmacists about the value of electronic pharmacy benefit tools, and provide for education on the role of pharmacist in patient healthcare.

Proposed law requires each PBM to create a toolkit for participating independent network pharmacies. Proposed law provides for annual reporting requirements of the PBM, including the amount of incentive payments expected to be made to the participating pharmacies, in addition to prior year quality criteria results. Proposed law provides that implementation of the quality incentive program shall not be cause to increase premiums to plan participants or shift the cost of the program to the plan sponsor.

EXPENDITURES	2023-24	2024-25	2025-26	2026-27	2027-28	5 -YEAR TOTAL

Annual Total	\$0	\$0	\$0	\$0	\$0	\$0

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Based on the bill's provision that implementation of the quality incentive program shall not be cause to increase premiums to plan participants or shift the cost of the program from the PBM to the health plan sponsor, the Office of Group Benefits does not expect to incur additional administrative or claims costs associated with the program. Additionally, the Louisiana Department of Health does not anticipate a fiscal impact based on the determination that this bill does not apply to Medicaid MCO's. Proposed legislation requires each pharmacy benefit manager licensed by the insurance commissioner to develop a program that provides incentive payments to eligible independent network pharmacies for meeting benchmarks or complying with strategies at improving health of Louisiana residents (that are covered by the PBM).

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.

Senate Dual Referral Rules
 13.5.1 >= \$100,000 Annual Fiscal Cost {S & H}
 13.5.2 >= \$500,000 Annual Tax or Fee Change {S & H}

House
 6.8(F)(1) >= \$100,000 SGF Fiscal Cost {H & S}
