**ACT 161 (SB 56)**

**2024 Regular Session**

**Wheat**

Prior law prohibited medication from being administered to any student at school without parental authorization and an order from a physician or dentist licensed in La. or an adjacent state. Further prohibited the performance of noncomplex health procedures unless prescribed by a physician licensed in La. or an adjacent state.

New law allows the administration of medication and performance of noncomplex health procedures if prescribed by such persons licensed in any state in the U.S.

Effective May 23, 2024.
