HOUSE BILL NO. 1

BY REPRESENTATIVE FANNIN

APPROPRIATIONS: Provide for the ordinary operating expenses of state government for Fiscal Year 2011-2012

1 AN ACT 2 Making appropriations for the ordinary expenses of the executive branch of state 3 government, pensions, public schools, public roads, public charities, and state 4 institutions and providing with respect to the expenditure of said appropriations. 5 Be it enacted by the Legislature of Louisiana: 6 Section 1. The appropriations in this Act from state revenue shall be payable out of the 7 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the 8 Louisiana Constitution. 9 Section 2. All money from federal, interagency, statutory dedications, or self-generated 10 revenues shall be available for expenditure in the amounts herein appropriated. Any increase 11 in such revenues shall be available for allotment and expenditure by an agency on approval 12 of an increase in the appropriation by the commissioner of administration and the Joint 13 Legislative Committee on the Budget. Any increase in such revenues for an agency without 14 an appropriation from the respective revenue source shall be incorporated into the agency's 15 appropriation on approval of the commissioner of administration and the Joint Legislative 16 Committee on the Budget. In the event that these revenues should be less than the amount 17 appropriated, the appropriation shall be reduced accordingly. To the extent that such funds 18 were included in the budget on a matching basis with state funds, a corresponding decrease 19 in the state matching funds may be made. Any federal funds which are classified as disaster 20 or emergency may be expended prior to approval of a BA-7 by the Joint Legislative 21 Committee on the Budget upon the secretary's certifying to the governor that any delay

1 would be detrimental to the state. The Joint Legislative Committee on the Budget shall be
2 notified in writing of such declaration and shall meet to consider such action, but if it is
3 found by the committee that such funds were not needed for an emergency expenditure, such
4 approval may be withdrawn and any balance remaining shall not be expended.

5 Section 3.A. Notwithstanding any other law to the contrary, the functions of any 6 department, agency, program, or budget unit of the executive branch, except functions in 7 departments, agencies, programs, or budget units of other statewide elected officials, may 8 be transferred to a different department, agency, program, or budget unit for the purpose of 9 economizing the operations of state government by executive order of the governor. 10 Provided, however, that each such transfer must, prior to implementation, be approved by 11 the commissioner of administration and Joint Legislative Committee on the Budget. Further, 12 provided that no transfers pursuant to this Section shall violate the provisions of Title 36, 13 Organization of the Executive Branch of State Government.

B. In the event that any agency, budget unit, program, or function of a department is transferred to any other department, agency, program, or budget unit by other Act or Acts of the legislature, the commissioner of administration shall make the necessary adjustments to appropriations through the notification of appropriation process, or through approval of mid-year adjustments. All such adjustments shall be in strict conformity with the provisions of the Act or Acts which provide for the transfers.

C. Notwithstanding any other law to the contrary and before the commissioner of administration shall authorize the purchase of any luxury or full-size motor vehicle for personal assignment by a statewide elected official other than the governor and lieutenant governor, such official shall first submit the request to the Joint Legislative Committee on the Budget for approval. Luxury or full-sized motor vehicle shall mean or refer to such vehicles as defined or used in rules or guidelines promulgated and implemented by the Division of Administration.

D. Notwithstanding any provision of law to the contrary, each agency which has contracted with outside legal counsel for representation in an action against another agency, shall submit a detailed report of all litigation costs incurred and payable to the outside counsel to the commissioner of administration, the legislative committee charged with

oversight of that agency, and the Joint Legislative Committee on the Budget. The report shall be submitted on a quarterly basis, each January, April, July, and October, and shall include all litigation costs paid and payable during the prior quarter. For purposes of this Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the agency and of the other party if the agency was required to pay such costs and fees. The commissioner of administration shall not authorize any payments for any such contract until such report for the prior quarter has been submitted.

8 E. Notwithstanding any provision of law to the contrary, each agency may use a portion 9 of its appropriations contained in this Act for the expenditure of funds for salaries and 10 related benefits for smoking cessation wellness programs, including pharmacotherapy and 11 behavioral counseling for state employees of the agency.

Section 4. Each schedule as designated by a five-digit number code for which anappropriation is made in this Act is hereby declared to be a budget unit of the state.

14 Section 5.A. The program descriptions, account descriptions, general performance 15 information, and the role, scope, and mission statements of postsecondary education 16 institutions contained in this Act are not part of the law and are not enacted into law by 17 virtue of their inclusion in this Act.

18 B. Unless explicitly stated otherwise, each of the program objectives and the associated 19 performance indicators contained in this Act shall reflect the key performance standards to 20 be achieved for the 2011-2012 Fiscal Year and shall constitute the set of key objectives and 21 key performance indicators which are reportable quarterly for Fiscal Year 2011-2012 under 22 the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23) 23 and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing 24 board or commission is directed by language in this Act to prepare and submit new or 25 modified performance information, including but not limited to key and supporting 26 objectives, performance indicators, and performance standards, such submission shall be in 27 a format and method to be determined by the commissioner of administration. Unless 28 otherwise specified in this Act, the submission of new or modified performance information 29 shall be made no later than August 15, 2011. Such performance information shall be subject

1 to the review and approval of both the Division of Administration and the Joint Legislative

2 Committee on the Budget, or a subcommittee thereof.

3 Section 6. Unless expressly provided in this Act, funds cannot be transferred between 4 departments or schedules receiving appropriations. However, any unencumbered funds 5 which accrue to an appropriation within a department or schedule of this Act due to policy, 6 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner 7 of administration and the Joint Legislative Committee on the Budget, be transferred to any 8 other appropriation within that same department or schedule. Each request for the transfer 9 of funds pursuant to this Section shall include full written justification. The commissioner 10 of administration, upon approval by the Joint Legislative Committee on the Budget, shall 11 have the authority to transfer between departments funds associated with lease agreements 12 between the state and the Office of Facilities Corporation.

13 Section 7. The state treasurer is hereby authorized and directed to use any available 14 funds on deposit in the state treasury to complete the payment of General Fund 15 appropriations for the Fiscal Year 2010-2011, and to pay a deficit arising there from out of 16 any revenues accruing to the credit of the state General Fund during the Fiscal Year 2011-17 2012, to the extent such deficits are approved by the legislature. In order to conform to the 18 provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in 19 accordance with the agreement to be executed between the state and Financial Management Services, a division of the U.S. Treasury, the state treasurer is hereby authorized to release 20 21 checks drawn on federally funded appropriations prior to the receipt of funds from the U.S. 22 Treasury.

Section 8.A.(1) The figures in parentheses following the designation of a program are the total authorized/appropriated positions for that program. If there are no figures following a department, agency, or program, the commissioner of administration shall have the authority to set the number of positions.

(2) The commissioner of administration, upon approval of the Joint Legislative
Committee on the Budget, shall have the authority to transfer positions between departments,
agencies, or programs or to increase or decrease positions and associated funding necessary
to effectuate such transfers.

(3) The number of authorized positions approved for each department, agency, or
 program as a result of the passage of this Act may be increased by the commissioner of
 administration in conjunction with the transfer of functions or funds to that department,
 agency, or program when sufficient documentation is presented and the request deemed
 valid.

6 (4) The number of authorized positions approved in this Act for each department, 7 agency, or program may also be increased by the commissioner of administration when 8 sufficient documentation of other necessary adjustments is presented and the request is 9 deemed valid. The total number of such positions so approved by the commissioner of 10 administration may not be increased in excess of three hundred fifty. However, any request 11 which reflects an annual aggregate increase in excess of twenty-five positions for any 12 department, agency, or program must also be approved by the Joint Legislative Committee 13 on the Budget.

14 (5) Any employment freezes or related personnel actions which are necessitated as a 15 result of implementation of this Act shall not have a disparate employment effect based on 16 any suspect classification, i.e., race, sex, color, or national origin or any negative impact 17 upon the Equal Employment proposition as set out in the "McDonnell Douglas Test" or Title 18 VII of the 1964 Civil Rights Act, as amended.

B. Orders from the Civil Service Commission or its designated referee which direct an
agency to pay attorney's fees for a successful appeal by an employee may be paid out of an
agency's appropriation from the expenditure category professional services; provided,
however, that an individual expenditure pursuant to this Subsection may not exceed \$1,500
in accordance with Civil Service Rule 13.35(a).

C. The budget request of any agency with an appropriation level of thirty million dollars
or more shall include, within its existing table of organization, positions which perform the
function of internal auditing.

D. In the event that any cost assessment allocation proposed by the Office of Group
Benefits becomes effective during Fiscal Year 2011-2012, each budget unit contained in this
Act shall pay out of its appropriation an amount no less than 75% of total premiums for all

active employees and those retirees with Medicare in accordance with R.S. 42:851(A)(1) for
 the state basic health insurance indemnity program.

E. In the event that any cost allocation or increase adopted by the Joint Legislative Committee on Retirement as recommended by the Public Retirement Systems' Actuarial Committee becomes effective before or during Fiscal Year 2011-2012, each budget unit shall pay out of its appropriation funds necessary to satisfy the requirements of such increase.

8 Section 9. In the event the governor shall veto any line item expenditure and such veto 9 shall be upheld by the legislature, the commissioner of administration shall withhold from 10 the department's, agency's, or program's funds an amount equal to the veto. The 11 commissioner of administration shall determine how much of such withholdings shall be 12 from the state General Fund.

Section 10.A. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) of the constitution, if at any time during Fiscal Year 2011-2012 the official budget status report indicates that appropriations will exceed the official revenue forecast, the governor shall have full power to reduce appropriations in accordance with R.S. 39:75. Notwithstanding R.S. 39:75, the governor shall have the authority to make additions and reductions to other means of financing and positions necessary to balance the budget as authorized by R.S. 39:75C.

B. The governor shall have the authority within any month of the fiscal year to direct the commissioner of administration to disapprove warrants drawn upon the state treasury for appropriations contained in this Act which are in excess of amounts approved by the governor in accordance with R.S. 39:74.

C. The governor may also, and in addition to the other powers set forth herein, issue executive orders in a combination of any of the foregoing means for the purpose of preventing the occurrence of a deficit.

Section 11. Notwithstanding the provisions of Section 2 of this Act, the commissioner of administration shall make such technical adjustments as are necessary in the interagency transfers means of financing and expenditure categories of the appropriations in this Act to result in a balance between each transfer of funds from one budget unit to another budget

1

2

3

unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this balance and shall in no way have the effect of changing the intended level of funding for a program or budget unit of this Act.

Section 12.A. For the purpose of paying appropriations made herein, all revenues due
the state in Fiscal Year 2011-2012 shall be credited by the collecting agency to Fiscal Year
2011-2012 provided such revenues are received in time to liquidate obligations incurred
during Fiscal Year 2011-2012.

B. A state board or commission shall have the authority to expend only those funds that
are appropriated in this Act, except those boards or commissions which are solely supported
from private donations or which function as port commissions, levee boards or professional
and trade organizations.

12 Section 13.A. Section 14. Pay raises or supplements provided for by this Act shall in no way supplant
any local or parish salaries or salary supplements to which the personnel affected would be
ordinarily entitled.

8 Section 15. Any unexpended or unencumbered reward monies received by any state 9 agency during Prior Fiscal Years pursuant to the Exceptional Performance and Efficiency 10 Incentive Program may be carried forward for expenditure in Fiscal Year 2011-2012, in 11 accordance with the respective resolution granting the reward. To this end, the provisions of this Act are hereby declared severable.

23 Section 17.A. Each submission must 30 include full justification of the transaction requested, but submission in accordance with this

deadline shall not be the sole determinant of whether the item is actually placed on the agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not submitted in accordance with the provisions of this Section shall only be considered by the commissioner of administration and Joint Legislative Committee on the Budget when extreme circumstances requiring immediate action exist.

6 B. 17 Section 18.A. Except for the conditions set forth in Subsection B of this Section, the 18 following sums or so much thereof as may be necessary are hereby appropriated out of any 19 monies in the state treasury from the sources specified; from federal funds payable to the 20 state by the United States Treasury; or from funds belonging to the State of Louisiana and/or 21 collected by boards, commissions, departments, and agencies thereof, for purposes specified 22 herein for the year commencing July 1, 2011, and ending June 30, 2012.  Title 39 of the Louisiana Revised Statutes of 1950 as amended.

3 B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-public 4 agency or entity which is not a budget unit of the state unless the intended recipient of those 5 funds submits, for approval, a comprehensive budget to the legislative auditor and the 6 transferring agency showing all anticipated uses of the appropriation, an estimate of the 7 duration of the project, and a plan showing specific goals and objectives for the use of such 8 funds, including measures of performance. In addition, and prior to making such 9 expenditure, the transferring agency shall require each recipient to agree in writing to 10 provide written reports to the transferring agency at least every six months concerning the 11 use of the funds and the specific goals and objectives for the use of the funds. In the event 12 the transferring agency determines that the recipient failed to use the funds set forth in its 13 budget within the estimated duration of the project or failed to reasonably achieve its specific goals and objectives for the use of the funds, the transferring agency shall demand 14 15 that any unexpended funds be returned to the state treasury unless approval to retain the 16 funds is obtained from the division of administration and the Joint Legislative Committee 17 on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the 18 amount of the public funds received by the provider is below the amount for which an audit 19 is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of 20 the funds to ensure effective achievement of the goals and objectives. The transferring 21 agency shall forward to the legislative auditor, the division of administration, and the Joint 22 Legislative Committee on the Budget a report showing specific data regarding compliance 23 with this Section and collection of any unexpended funds. This report shall be submitted no 24 later than May 1, 2012.

33 Notwithstanding any law to the contrary and specifically R.S. 39:82(E), for Fiscal Year 34 2011-2012 any over-collected funds, including interagency transfers, fees and self-generated 35 revenues, federal funds, and surplus statutory dedicated funds generated and collected by any 36 agency in Schedule 09 for Fiscal Year 2010-2011 may be carried forward and expended in 37 Fiscal Year 2011-2012 in the Medical Vendor Program. Revenues from refunds and 38 recoveries in the Medical Vendor Program are authorized to be expended in Fiscal Year 39 2011-2012. No such carried forward funds, which are in excess of those appropriated in this 40 Act, may be expended without the express approval of the Division of Administration and 41 the Joint Legislative Committee on the Budget.

42 Notwithstanding any law to the contrary, the secretary of the Department of Health and 43 Hospitals may transfer, with the approval of the commissioner of administration via midyear 44 budget adjustment (BA-7 Form), up to twenty-five (25) authorized positions and associated 45 personal services funding if necessary from one budget unit to any other budget unit and/or 46 between programs within any budget unit within this schedule. Not more than an aggregate 47 of one-hundred (100) positions and associated personal services may be transferred between budget units and/or programs within a budget unit without the approval of the Joint 48 49 Legislative Committee on the Budget.

1 Notwithstanding any provision of law to the contrary, the secretary of the Department of 2 Health and Hospitals is authorized to transfer, with the approval of the commissioner of 3 administration through midyear budget adjustments, funds and authorized positions from one 4 budget unit to any other budget unit and/or between programs within any budget unit within 5 this schedule. Not more than 75 authorized positions in the aggregate, together with personnel 8 costs, and other funds not to exceed six million dollars may be transferred pursuant to this 9 authority. The secretary and the commissioner shall promptly notify the Joint Legislative

10 Committee on the Budget of any such transfer.

11 In the event this Act provides for increases or decreases in funds for agencies within Schedule 09 that would impact services provided by 09-300 (Jefferson Parish Human 12 13 Services Authority), 09-301 (Florida Parishes Human Services Authority), 09-302 (Capital 14 Area Human Services District), 09-304 (Metropolitan Human Services District), and 09-309 (South Central Louisiana Human Services Authority), the commissioner of administration 15 16 is authorized to transfer funds on a pro rata basis within the budget units contained in 17 Schedule 09 in order to effect such changes. Program Description: Determines the eligibility of families for benefits and services available under the Family Independence Temporary Assistance Program (FITAP). Provides case management services to FITAP recipients to assist them in becoming self-supporting. Facilitates mechanisms for other TANF-funded services. These services include: coordination of contract work training activities; providing transitional assistance services, including subsidized child day care and transportation; and contracting for the provision of job readiness, job development, job placement services, and other relevant TANF-funded services. Also determines the eligibility for Food Stamp benefits, cash grants to low-income refugees, repatriated impoverished U.S. citizens and disaster victims.
