HOUSE BILL NO. 1

BY REPRESENTATIVE FANNIN

1	AN ACT
2	Making appropriations for the ordinary expenses of the executive branch of state
3	government, pensions, public schools, public roads, public charities, and state
4	institutions and providing with respect to the expenditure of said appropriations.
5	Be it enacted by the Legislature of Louisiana:
6	Section 1. The appropriations in this Act from state revenue shall be payable out of the
7	sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the
8	Louisiana Constitution.
9	Section 2. All money from federal, interagency, statutory dedications, or self-generated
10	revenues shall be available for expenditure in the amounts herein appropriated. Any increase
11	in such revenues shall be available for allotment and expenditure by an agency on approval
12	of an increase in the appropriation by the commissioner of administration and the Joint
13	Legislative Committee on the Budget. Any increase in such revenues for an agency without
14	an appropriation from the respective revenue source shall be incorporated into the agency's
15	appropriation on approval of the commissioner of administration and the Joint Legislative
16	Committee on the Budget. In the event that these revenues should be less than the amount
17	appropriated, the appropriation shall be reduced accordingly. To the extent that such funds
18	were included in the budget on a matching basis with state funds, a corresponding decrease
19	in the state matching funds may be made. Any federal funds which are classified as disaster
20	or emergency may be expended prior to approval of a BA-7 by the Joint Legislative
21	Committee on the Budget upon the secretary's certifying to the governor that any delay
22	would be detrimental to the state. The Joint Legislative Committee on the Budget shall be

ENROLLED

1 notified in writing of such declaration and shall meet to consider such action, but if it is 2 found by the committee that such funds were not needed for an emergency expenditure, such 3 approval may be withdrawn and any balance remaining shall not be expended.

4 Section 3.A. Notwithstanding any other law to the contrary, the functions of any 5 department, agency, program, or budget unit of the executive branch, except functions in 6 departments, agencies, programs, or budget units of other statewide elected officials, may 7 be transferred to a different department, agency, program, or budget unit for the purpose of 8 economizing the operations of state government by executive order of the governor. 9 Provided, however, that each such transfer must, prior to implementation, be approved by 10 the commissioner of administration and Joint Legislative Committee on the Budget. Further, 11 provided that no transfers pursuant to this Section shall violate the provisions of Title 36, 12 Organization of the Executive Branch of State Government.

13 B. In the event that any agency, budget unit, program, or function of a department is 14 transferred to any other department, agency, program, or budget unit by other Act or Acts 15 of the legislature, the commissioner of administration shall make the necessary adjustments 16 to appropriations through the notification of appropriation process, or through approval of 17 mid-year adjustments. All such adjustments shall be in strict conformity with the provisions 18 of the Act or Acts which provide for the transfers.

19 C. Notwithstanding any other law to the contrary and before the commissioner of 20 administration shall authorize the purchase of any luxury or full-size motor vehicle for 21 personal assignment by a statewide elected official other than the governor and lieutenant 22 governor, such official shall first submit the request to the Joint Legislative Committee on 23 the Budget for approval. Luxury or full-sized motor vehicle shall mean or refer to such 24 vehicles as defined or used in rules or guidelines promulgated and implemented by the 25 Division of Administration.

26 D. Notwithstanding any provision of law to the contrary, each agency which has 27 contracted with outside legal counsel for representation in an action against another agency, 28 shall submit a detailed report of all litigation costs incurred and payable to the outside 29 counsel to the commissioner of administration, the legislative committee charged with oversight of that agency, and the Joint Legislative Committee on the Budget. The report 30 31 shall be submitted on a quarterly basis, each January, April, July, and October, and shall

ENROLLED

include all litigation costs paid and payable during the prior quarter. For purposes of this
Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the
agency and of the other party if the agency was required to pay such costs and fees. The
commissioner of administration shall not authorize any payments for any such contract until
such report for the prior quarter has been submitted.

E. Notwithstanding any provision of law to the contrary, each agency may use a portion
of its appropriations contained in this Act for the expenditure of funds for salaries and
related benefits for smoking cessation wellness programs, including pharmacotherapy and
behavioral counseling for state employees of the agency.

Section 4. Each schedule as designated by a five-digit number code for which an
appropriation is made in this Act is hereby declared to be a budget unit of the state.

Section 5.A. The program descriptions, account descriptions, general performance information, and the role, scope, and mission statements of postsecondary education institutions contained in this Act are not part of the law and are not enacted into law by virtue of their inclusion in this Act.

16 B. Unless explicitly stated otherwise, each of the program objectives and the associated 17 performance indicators contained in this Act shall reflect the key performance standards to 18 be achieved for the 2010-2011 Fiscal Year and shall constitute the set of key objectives and 19 key performance indicators which are reportable quarterly for Fiscal Year 2010-2011 under 20 the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23) 21 and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing 22 board or commission is directed by language in this Act to prepare and submit new or 23 modified performance information, including but not limited to key and supporting 24 objectives, performance indicators, and performance standards, such submission shall be in 25 a format and method to be determined by the commissioner of administration. Unless 26 otherwise specified in this Act, the submission of new or modified performance information 27 shall be made no later than August 13, 2010. Such performance information shall be subject 28 to the review and approval of both the Division of Administration and the Joint Legislative 29 Committee on the Budget, or a subcommittee thereof.

Section 6. Unless expressly provided in this Act, funds cannot be transferred between
 departments or schedules receiving appropriations. However, any unencumbered funds

ENROLLED

1 which accrue to an appropriation within a department or schedule of this Act due to policy, 2 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner 3 of administration and the Joint Legislative Committee on the Budget, be transferred to any 4 other appropriation within that same department or schedule. Each request for the transfer 5 of funds pursuant to this Section shall include full written justification. The commissioner 6 of administration, upon approval by the Joint Legislative Committee on the Budget, shall 7 have the authority to transfer between departments funds associated with lease agreements 8 between the state and the Office of Facilities Corporation.

9 Section 7. The state treasurer is hereby authorized and directed to use any available 10 funds on deposit in the state treasury to complete the payment of General Fund 11 appropriations for the Fiscal Year 2009-2010, and to pay a deficit arising there from out of 12 any revenues accruing to the credit of the state General Fund during the Fiscal Year 2010-13 2011, to the extent such deficits are approved by the legislature. In order to conform to the 14 provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in 15 accordance with the agreement to be executed between the state and Financial Management 16 Services, a division of the U.S. Treasury, the state treasurer is hereby authorized to release 17 checks drawn on federally funded appropriations prior to the receipt of funds from the U.S. 18 Treasury.

Section 8.A.(1) The figures in parentheses following the designation of a program are
the total authorized/appropriated positions for that program. If there are no figures following
a department, agency, or program, the commissioner of administration shall have the
authority to set the number of positions.

(2) The commissioner of administration, upon approval of the Joint Legislative
 Committee on the Budget, shall have the authority to transfer positions between departments,
 agencies, or programs or to increase or decrease positions and associated funding necessary
 to effectuate such transfers.

(3) The number of authorized positions approved for each department, agency, or
program as a result of the passage of this Act may be increased by the commissioner of
administration in conjunction with the transfer of functions or funds to that department,
agency, or program when sufficient documentation is presented and the request deemed
valid.

1 (4) The number of authorized positions approved in this Act for each department, 2 agency, or program may also be increased by the commissioner of administration when 3 sufficient documentation of other necessary adjustments is presented and the request is 4 deemed valid. The total number of such positions so approved by the commissioner of 5 administration may not be increased in excess of three hundred fifty. However, any request 6 which reflects an annual aggregate increase in excess of twenty-five positions for any 7 department, agency, or program must also be approved by the Joint Legislative Committee 8 on the Budget.

9 (5) Any employment freezes or related personnel actions which are necessitated as a 10 result of implementation of this Act shall not have a disparate employment effect based on 11 any suspect classification, i.e., race, sex, color, or national origin or any negative impact 12 upon the Equal Employment proposition as set out in the "McDonnell Douglas Test" or Title 13 VII of the 1964 Civil Rights Act, as amended.

(6) The commissioner of administration is hereby directed to develop a comprehensive
study of the state workforce encompassing each department, agency, and program of state
government funded by this Act and the Ancillary Appropriation Act. Based on the
completed study, the commissioner shall recommend reductions to state employment. Such
recommendations shall be submitted to the Joint Legislative Committee on the Budget by
November 1, 2010, and shall include a plan for implementation in the Fiscal Year 2012
Executive Budget.

B. Orders from the Civil Service Commission or its designated referee which direct an
agency to pay attorney's fees for a successful appeal by an employee may be paid out of an
agency's appropriation from the expenditure category professional services; provided,

in accordance with Civil Service Rule 13.35(a).

C. The budget request of any agency with an appropriation level of thirty million dollars
or more shall include, within its existing table of organization, positions which perform the
function of internal auditing.

 Act shall pay out of its appropriation an amount no less than 75% of total premiums for all

1

active employees and those retirees with Medicare in accordance with R.S. 42:851(A)(1) for 2 the state basic health insurance indemnity program.

3

E. In the event that any cost allocation or increase adopted by the Joint Legislative 4 Committee on Retirement as recommended by the Public Retirement Systems' Actuarial 5 Committee becomes effective before or during Fiscal Year 2010-2011, each budget unit 6 shall pay out of its appropriation funds necessary to satisfy the requirements of such 7 increase.

8 F. Notwithstanding any law to the contrary, the commissioner of administration, upon 9 review and approval by the Joint Legislative Committee on the Budget, is authorized to 10 adjust the allocation of the State Fiscal Stabilization Fund and state funds among 11 departments, agencies, and programs to reduce the impact to the state in future fiscal years 12 or to adjust the maintenance of effort to satisfy the requirements for the State Fiscal 13 Stabilization Fund. Such adjustments shall not change the total amount appropriated to the 14 departments, agencies and programs.

15 Section 9. In the event the governor shall veto any line item expenditure and such veto 16 shall be upheld by the legislature, the commissioner of administration shall withhold from 17 the department's, agency's, or program's funds an amount equal to the veto. The 18 commissioner of administration shall determine how much of such withholdings shall be 19 from the state General Fund.

20 Section 10.A. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) of 21 the constitution, if at any time during Fiscal Year 2010-2011 the official budget status report 22 indicates that appropriations will exceed the official revenue forecast, the governor shall 23 have full power to reduce appropriations in accordance with R.S. 39:75.

24 B. The governor shall have the authority within any month of the fiscal year to direct 25 the commissioner of administration to disapprove warrants drawn upon the state treasury for 26 appropriations contained in this Act which are in excess of amounts approved by the 27 governor in accordance with R.S. 39:74.

28 C. The governor may also, and in addition to the other powers set forth herein, issue executive orders in a combination of any of the foregoing means for the purpose of 29 30 preventing the occurrence of a deficit.

Section 11. Notwithstanding the provisions of Section 2 of this Act, the commissioner of administration shall make such technical adjustments as are necessary in the interagency transfers means of financing and expenditure categories of the appropriations in this Act to result in a balance between each transfer of funds from one budget unit to another budget unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this balance and shall in no way have the effect of changing the intended level of funding for a program or budget unit of this Act.

8 Section 12.A. For the purpose of paying appropriations made herein, all revenues due 9 the state in Fiscal Year 2010-2011 shall be credited by the collecting agency to Fiscal Year 10 2010-2011 provided such revenues are received in time to liquidate obligations incurred 11 during Fiscal Year 2010-2011.

B. A state board or commission shall have the authority to expend only those funds that
are appropriated in this Act, except those boards or commissions which are solely supported

B. In the event that more than one appropriation is made in this Act which is payable from any specific statutory dedication, such appropriations shall be allocated and distributed by the state treasurer in accordance with the order of priority specified or provided in the law establishing such statutory dedication and if there is no such order of priority such appropriations shall be allocated and distributed as otherwise provided by any provision of law including this or any other act of the legislature appropriating funds from the state treasury.

ENROLLED

1 C. In accordance with R.S. 49:314.B(1),(2) appropriations from the Transportation Trust 2 Fund in the General Appropriation Act and the Capital Outlay Act shall have equal priority. 3 In the event revenues being received in the state treasury and being credited to the fund 4 which is the source of payment of any appropriation in such acts are insufficient to fully fund 5 the appropriations made from such fund source, the treasurer shall allocate money for the 6 payment of warrants drawn on such appropriations against such fund source during the fiscal 7 year on the basis of the ratio which the amount of such appropriation bears to the total 8 amount of appropriations from such fund source contained in both acts.

9 Section 14. Pay raises or supplements provided for by this Act shall in no way supplant
10 any local or parish salaries or salary supplements to which the personnel affected would be
11 ordinarily entitled.

12 Section 15. Any unexpended or unencumbered reward monies received by any state 13 agency during Prior Fiscal Years pursuant to the Exceptional Performance and Efficiency 14 Incentive Program may be carried forward for expenditure in Fiscal Year 2010-2011, in 15 accordance with the respective resolution granting the reward. The commissioner of 16 administration shall implement any internal budgetary adjustments necessary to effectuate 17 incorporation of these monies into the respective agencies' budgets for Fiscal Year 2010-18 2011, and shall provide a summary list of all such adjustments to the Performance Review 19 Subcommittee of the Joint Legislative Committee on the Budget by September 17, 2010.

Section 16. Should any section, subsection, clause, sentence, phrase, or part of the Act for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions shall not affect the remaining provisions of the Act, and the legislature hereby declares that it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part thereof, irrespective of the fact that one or more of the sections, subsections, clauses, sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the provisions of this Act are hereby declared severable.

27 Section 17.A. 1 Budget, and Legislative Fiscal Office a minimum of sixteen working days prior to 2 consideration by the Joint Legislative Committee on the Budget. Each submission must 3 include full justification of the transaction requested, but submission in accordance with this 4 deadline shall not be the sole determinant of whether the item is actually placed on the 5 agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not 6 submitted in accordance with the provisions of this Section shall only be considered by the 7 commissioner of administration and Joint Legislative Committee on the Budget when 8 extreme circumstances requiring immediate action exist.

No recipient shall be considered to fail or refuse 13 to comply with the provisions of R.S. 24:513 pursuant to this Section during any extension 14 of time granted by the legislative auditor or the Legislative Audit Advisory Council. The 15 legislative auditor may grant a recipient, for good cause shown, an extension of time to 16 comply with the provisions of R.S. 24:513. The Legislative Audit Advisory Council may 17 grant additional extensions of time to comply with the provisions of R.S. 24:513 for recipient 18 entities of an appropriation contained in this Act with recommendation by the legislative 19 auditor pursuant to R.S. 39:72.1.

20 Section 18.A. Except for the conditions set forth in Subsection B of this Section, the 21 following sums or so much thereof as may be necessary are hereby appropriated out of any 22 monies in the state treasury from the sources specified; from federal funds payable to the 23 state by the United States Treasury; or from funds belonging to the State of Louisiana and/or 24 collected by boards, commissions, departments, and agencies thereof, for purposes specified 25 herein for the year commencing July 1, 2010, and ending June 30, 2011. Funds appropriated 26 to auxiliary accounts herein shall be from prior and current year collections, with the 27 exception of state General Fund direct. The commissioner of administration is hereby 28 authorized and directed to correct the means of financing and expenditures for any 29 appropriation contained in Schedule 20-901 Sales Tax Dedications to reflect the enactment 30 of any law enacted in any 2010 session of the Legislature which affects any such means of 31 financing or expenditure. - 5 B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-public 6 agency or entity which is not a budget unit of the state unless the intended recipient of those 7 funds submits, for approval, a comprehensive budget to the legislative auditor and the 8 transferring agency showing all anticipated uses of the appropriation, an estimate of the 9 duration of the project, and a plan showing specific goals and objectives for the use of such 10 funds, including measures of performance. In addition, and prior to making such 11 expenditure, the transferring agency shall require each recipient to agree in writing to 12 provide written reports to the transferring agency at least every six months concerning the 13 use of the funds and the specific goals and objectives for the use of the funds. In the event 14 the transferring agency determines that the recipient failed to use the funds set forth in its 15 budget within the estimated duration of the project or failed to reasonably achieve its 16 specific goals and objectives for the use of the funds, the transferring agency shall demand 17 that any unexpended funds be returned to the state treasury unless approval to retain the 18 funds is obtained from the division of administration and the Joint Legislative Committee 19 on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the 20 amount of the public funds received by the provider is below the amount for which an audit 21 is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of 22 the funds to ensure effective achievement of the goals and objectives. The transferring 23 agency shall forward to the legislative auditor, the division of administration, and the Joint 24 Legislative Committee on the Budget a report showing specific data regarding compliance 25 with this Section and collection of any unexpended funds. an increase in the federal financial participation in the Medicaid program by enacting an
increase in the Federal Medical Assistance Percentages (FMAP) rate, which the Department
of Health and Hospitals is required to utilize for the Medicaid program. In the event that the
United States Congress enacts such FMAP change, then the department is hereby directed
to withhold spending of the approximately \$90 million in cost reports which are, in turn, to

8 Provided, however, that the Department of Health and Hospitals may, to control 9 expenditures to the level appropriated herein for the Medical Vendor Payments program, 10 negotiate supplemental rebates for the Medicaid pharmacy program in conjunction with the 11 preferred drug list. In these negotiations, the preferred drug list may be adjusted to limit 12 brand name drug products in each therapeutic category while ensuring appropriate access 13 to medically necessary medication. Provided, further, that the Department of Health and 14 Hospitals may redefine the reimbursement methodology for multiple source drugs in 15 establishing the state maximum allowable cost (MAC) in order to control expenditures to 16 the level appropriated in this schedule for the Medical Vendor Payments program. Provided, 17 further, that the Department of Health and Hospitals is authorized to implement a dispensing 18 fee for pharmacies reflective of the cost of dispensing up to a level approved for federal match by the Centers for Medicare and Medicaid Services and determined by the 19 20 Department of Health and Hospitals to be budget neutral.

Provided, however, that the Department of Health and Hospitals shall continue with the
 implementation of cost containment strategies to control the cost of the New Opportunities
 Waiver (NOW) in order that the continued provision of community-based services for
 citizens with developmental disabilities is not jeopardized.

25 Provided, however, that the Department of Health and Hospitals is directed to implement 26 Coordinated Care Networks utilizing a fee-for-service and prepaid model. The Department 27 shall promulgate rules for implementation. Provided, further, that the Department shall 28 submit quarterly reports on the progress of implementation, including a comparison of per 29 member per month expenditures prior to and after enrollment in Coordinated Care Networks 30 and a review of quality measures benchmarking the health outcomes of individual receiving 31 health care services via the Coordinated Care Networks, to the Legislature and Governor. 32 The Department is directed to collect and publish, on www.healthfinderla.gov, ongoing 33 quality measures related to the performance of the Coordinated Care Networks. These 34 quality measures shall include management of chronic conditions, access to services for 35 children, preventive care, patient satisfaction and other measures determined by the 36 Department to have a high correlation with improved health outcomes.

Provided, however, that the Department of Health and Hospitals shall authorize expenditure
of funds for additional Rural Health Clinics only in those areas which the department
determines have a demonstrated need for clinics.

40 **Community Hospital Pool:**

- 41 Provided, however, that of the monies appropriated herein for Uncompensated Care Costs 42 for non-rural community hospitals, \$1,000,000 shall be allocated to hospitals having 43 freestanding psychiatric hospitals with an uninsured rate of 4% or greater and \$1,000,000 44 shall be allocated to hospitals having distinct part psychiatric units with an uninsured rate 45 of 4% or greater. Pursuant to 42 CFR 441.151 all freestanding psychiatric hospitals 46 participating in this pool shall be accredited by the Joint Commission on the Accreditation of Healthcare Organizations. Provided, further, that these monies shall be distributed 47 48 among the qualifying freestanding psychiatric hospitals and hospitals having distinct part 49 psychiatric units in relation to their reported uninsured inpatient days.
- 50 Uncompensated Care Cost payments to non-rural community hospitals shall be calculated 51 as follows:
- 52 If the hospital's qualifying uninsured cost is less than 4 percent of total hospital cost, no 53 payment shall be made.

1 If the hospital's qualifying uninsured cost is equal to or greater than 4 percent of the total 2 hospital cost but less than 7 percent of total hospital cost, the payment shall be 50 percent 3 of an amount equal to the difference between the total qualifying cost as a percent to total 4 hospital cost and 4 percent of total hospital cost.

5 If the hospital's qualifying uninsured cost is equal to or greater than 7 percent of total 6 hospital cost but less than or equal to 10 percent of total hospital cost, the payment shall be 7 80 percent of an amount equal to the difference between the totally qualifying uninsured cost 8 as a percent of total hospital cost and 4 percent of total hospital cost. 9

10 If the hospital's qualifying uninsured cost is greater than 10 percent of total hospital cost, the 11 payment shall be 90 percent of qualifying uninsured cost for the portion in excess of 10 12 percent of total hospital cost and 80 percent of qualifying uninsured cost for the portion 13 equal to5 percent of total hospital cost.

Provided, however, that for purposes of these payments to non-rural community hospitals,
 the secretary of the Department of Health and Hospitals shall determine relevant cost
 amounts based on cost reports filed for the applicable cost report year.

As a condition of qualification for these payments, hospitals shall submit to the Department of Health and Hospitals supporting patient-specific data in a format to be defined by the Secretary, reports on their efforts to collect reimbursement for medical services from patients to reduce gross uninsured costs, and their most current year-end financial statements. Those hospitals that fail to provide such statements shall receive no payments, and any payments previously made shall be refunded to the Department of Health and Hospitals.

In the event that the total payments calculated for all recipient hospitals are anticipated to exceed the total amount appropriated for such purpose, the secretary shall reduce payments on a pro rata basis in order to achieve a total cost that is not in excess of the amounts herein appropriated for this purpose.

Provided, further, that "qualifying uninsured costs" as used for this distribution shall mean
the hospital's total charges for care provided to uninsured patients multiplied by the
hospital's appropriate cost-to-charge ratio for the applicable cost report period.

Provided, further, any funding not distributed pursuant to the methodology for non-rural
 community hospitals Uncompensated Care Costs established herein shall be reallocated to
 these qualifying hospitals based on their reported qualify uninsured costs.

33 **Public provider participation in financing:**

34 The Department of Health and Hospitals hereinafter the "department", shall only make Title 35 XIX (Medicaid) claim payments to non-state public hospitals, excluding small rural 36 hospitals as defined in R.S. 40:1300.143, that certify matching funds for their Title XIX 37 claim payments and provide certification of incurred uncompensated care costs (UCC) that 38 qualify for public expenditures which are eligible for federal financial participation under 39 Title XIX of the Social Security Act to the department. The certification for Title XIX claims 40 payment match and the certification of UCC shall be in a form satisfactory to the department 41 and provided to the department no later than October 1, 2010. Non-state public hospitals, 42 that fail to make such certifications by October 1, 2010, may not receive Title XIX claim 43 payments or any UCC payments until the department receives the required certifications.

44 Provided, however, that the funding appropriated herein for Uncompensated Care Costs shall
 45 not be utilized to compensate hospitals for costs excluded from Medicaid reimbursement as
 46 the result of the application of Medicaid prior authorization for initial hospitalizations or
 47 subsequent authorization of lengths of stay (Interqual).

48 **Rural Hospital DSH Audit Impact:**

The continued operation of small rural hospitals as defined in R.S. 40:1300.141 et seq is jeopardized because of the loss of UCC funding from CMS' implementation of its DSH audit rule. Funds are provided herein to ensure the continued operation of needed safety net rural hospitals. The Department of Health and Hospitals is directed to develop payment methods in accordance with state and federal law that optimizes federal funds to reduce or eliminate small rural hospitals reliance on UCC funding. Upon optimizing the federal mechanisms 14

17

for funding, remaining state dollars may be utilized to develop a state-only funded program 1 2 to provide direct funds to rural hospitals with demonstrated financial need and which support 3 access to services that would not be available otherwise.

4 **Certified Public Expenditures provided to Medicaid Recipients:**

5 Provided, however, that of the monies appropriated herein utilizing the certified public expenditure (CPE) methodology, the Department of Health and Hospitals is directed to draw 6 7 down federal funds to be used as state match, in accordance with federal law, for medically necessary services provided by public/governmental agencies that have not received reimbursement for those services. The certification of expenditures by public/governmental 8 9 10 agencies shall be in a form satisfactory to the department. No such federal funds generated utilizing the certified public expenditure methodology, which are in excess of those 11 12 appropriated in this Act, may be expended without the express approval of the Division of 13 Administration and the Joint Legislative Committee on the Budget.

Field Services - Authorized Positions (3,729) Program Description: Determines the eligibility of families for benefits and services available under the Family Independence Temporary Assistance Program (FITAP). Provides case management services to FITAP recipients to assist them in becoming self-supporting. Facilitates mechanisms for other TANF-funded services. These services include: coordination of contract work training activities; providing transitional assistance services, including subsidized child day care and transportation; and contracting for the provision of job readiness, job development, job placement services, and other relevant TANF-funded services. Also determines the eligibility for Food Stamp benefits, cash grants to low-income refugees, repatriated impoverished U.S. citizens and disaster victims. Also contracts for the determination of eligibility for federal Social Security Disability Insurance (SSDI), and Social Security Insurance (SSI) benefits, and operates the support enforcement program which establishes paternity, locates absent parents, and collects and distributes payments made by an absent parent on behalf of the child(ren) in the custody of the parent. Determines eligibility and administers childcare assistance, which includes quality childcare projects, provider training, and development. The child protection investigation activity investigates reports of child abuse and neglect and substantiates an average of about 28% of the cases investigated. Should a report be validated, the child and family are provided social services within the resources available to the agency, which may include protective day care, with the focus of keeping the family intact. If the child remains at risk for serious endangerment or substantially threatened or impaired due to abuse or neglect while in the family home s(he) is removed, enters into a permanency planning process, and is placed into state custody in a relative placement, foster home or therapeutic residential setting. Adoption services are provided to children permanently removed from their homes, and free for adoption. Other services offered by the agency include foster and adoptive recruitment and training of foster and adoptive parents, subsidies for adoptive parents of special needs children, and child care quality assurance. This program also manages federally funded assistance payments for prevention and sheltering to local governments and community partners to operate homeless shelters.

Objective: Through the Child Welfare activity, to improve service delivery to children and youth who are at-risk of or have been abused or neglected through a high-quality, comprehensive Child Welfare Program.
