1 AN ACT

2 Making appropriations for the ordinary expenses of the executive branch of state
3 government, pensions, public schools, public roads, public charities, and state
4 institutions and providing with respect to the expenditure of said appropriations.

5 Be it enacted by the Legislature of Louisiana:

6 Section 1. The appropriations in this Act from state revenue shall be payable out of the
7 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the
8 Louisiana Constitution.

9 Section 2. All money from federal, interagency, statutory dedications, or self-generated
10 revenues shall be available for expenditure in the amounts herein appropriated. Any increase
11 in such revenues shall be available for allotment and expenditure by an agency on approval
12 of an increase in the appropriation by the commissioner of administration and the Joint
13 Legislative Committee on the Budget. Any increase in such revenues for an agency without
14 an appropriation from the respective revenue source shall be incorporated into the agency's
15 appropriation on approval of the commissioner of administration and the Joint Legislative
16 Committee on the Budget. In the event that these revenues should be less than the amount
17 appropriated, the appropriation shall be reduced accordingly. To the extent that such funds
18 were included in the budget on a matching basis with state funds, a corresponding decrease
19 in the state matching funds may be made. Any federal funds which are classified as disaster
20 or emergency may be expended prior to approval of a BA-7 by the Joint Legislative
21 Committee on the Budget upon the secretary's certifying to the governor that any delay
22 would be detrimental to the state. The Joint Legislative Committee on the Budget shall be

1 notified in writing of such declaration and shall meet to consider such action, but if it is
2 found by the committee that such funds were not needed for an emergency expenditure, such
3 approval may be withdrawn and any balance remaining shall not be expended.

4 Section 3.A. Notwithstanding any other law to the contrary, the functions of any
5 department, agency, program, or budget unit of the executive branch, except functions in
6 departments, agencies, programs, or budget units of other statewide elected officials, may
7 be transferred to a different department, agency, program, or budget unit for the purpose of
8 economizing the operations of state government by executive order of the governor.
9 Provided, however, that each such transfer must, prior to implementation, be approved by
10 the commissioner of administration and Joint Legislative Committee on the Budget. Further,
11 provided that no transfers pursuant to this Section shall violate the provisions of Title 36,
12 Organization of the Executive Branch of State Government.

13 B. In the event that any agency, budget unit, program, or function of a department is
14 transferred to any other department, agency, program, or budget unit by other Act or Acts
15 of the legislature, the commissioner of administration shall make the necessary adjustments
16 to appropriations through the notification of appropriation process, or through approval of
17 mid-year adjustments. All such adjustments shall be in strict conformity with the provisions
18 of the Act or Acts which provide for the transfers.

19 C. Notwithstanding any other law to the contrary and before the commissioner of
20 administration shall authorize the purchase of any luxury or full-size motor vehicle for
21 personal assignment by a statewide elected official other than the governor and lieutenant
22 governor, such official shall first submit the request to the Joint Legislative Committee on
23 the Budget for approval. Luxury or full-sized motor vehicle shall mean or refer to such
24 vehicles as defined or used in rules or guidelines promulgated and implemented by the
25 Division of Administration.

26 D. Notwithstanding any provision of law to the contrary, each agency which has
27 contracted with outside legal counsel for representation in an action against another agency,
28 shall submit a detailed report of all litigation costs incurred and payable to the outside
29 counsel to the commissioner of administration, the legislative committee charged with
30 oversight of that agency, and the Joint Legislative Committee on the Budget. The report
31 shall be submitted on a quarterly basis, each January, April, July, and October, and shall

1 include all litigation costs paid and payable during the prior quarter. For purposes of this
2 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the
3 agency and of the other party if the agency was required to pay such costs and fees. The
4 commissioner of administration shall not authorize any payments for any such contract until
5 such report for the prior quarter has been submitted.

6 E. Notwithstanding any provision of law to the contrary, each agency may use a portion
7 of its appropriations contained in this Act for the expenditure of funds for salaries and
8 related benefits for smoking cessation wellness programs, including pharmacotherapy and
9 behavioral counseling for state employees of the agency.

10 Section 4. Each schedule as designated by a five-digit number code for which an
11 appropriation is made in this Act is hereby declared to be a budget unit of the state.

12 Section 5.A. The program descriptions, account descriptions, general performance
13 information, and the role, scope, and mission statements of postsecondary education
14 institutions contained in this Act are not part of the law and are not enacted into law by
15 virtue of their inclusion in this Act.

16 B. Unless explicitly stated otherwise, each of the program objectives and the associated
17 performance indicators contained in this Act shall reflect the key performance standards to
18 be achieved for the 2010-2011 Fiscal Year and shall constitute the set of key objectives and
19 key performance indicators which are reportable quarterly for Fiscal Year 2010-2011 under
20 the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23)
21 and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing
22 board or commission is directed by language in this Act to prepare and submit new or
23 modified performance information, including but not limited to key and supporting
24 objectives, performance indicators, and performance standards, such submission shall be in
25 a format and method to be determined by the commissioner of administration. Unless
26 otherwise specified in this Act, the submission of new or modified performance information
27 shall be made no later than August 13, 2010. Such performance information shall be subject
28 to the review and approval of both the Division of Administration and the Joint Legislative
29 Committee on the Budget, or a subcommittee thereof.

30 Section 6. Unless expressly provided in this Act, funds cannot be transferred between
31 departments or schedules receiving appropriations. However, any unencumbered funds

1 which accrue to an appropriation within a department or schedule of this Act due to policy,
2 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner
3 of administration and the Joint Legislative Committee on the Budget, be transferred to any
4 other appropriation within that same department or schedule. Each request for the transfer
5 of funds pursuant to this Section shall include full written justification. The commissioner
6 of administration, upon approval by the Joint Legislative Committee on the Budget, shall
7 have the authority to transfer between departments funds associated with lease agreements
8 between the state and the Office of Facilities Corporation.

9 Section 7. The state treasurer is hereby authorized and directed to use any available
10 funds on deposit in the state treasury to complete the payment of General Fund
11 appropriations for the Fiscal Year 2009-2010, and to pay a deficit arising there from out of
12 any revenues accruing to the credit of the state General Fund during the Fiscal Year 2010-
13 2011, to the extent such deficits are approved by the legislature. In order to conform to the
14 provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in
15 accordance with the agreement to be executed between the state and Financial Management
16 Services, a division of the U.S. Treasury, the state treasurer is hereby authorized to release
17 checks drawn on federally funded appropriations prior to the receipt of funds from the U.S.
18 Treasury.

19 Section 8.A.(1) The figures in parentheses following the designation of a program are
20 the total authorized/appropriated positions for that program. If there are no figures following
21 a department, agency, or program, the commissioner of administration shall have the
22 authority to set the number of positions.

23 (2) The commissioner of administration, upon approval of the Joint Legislative
24 Committee on the Budget, shall have the authority to transfer positions between departments,
25 agencies, or programs or to increase or decrease positions and associated funding necessary
26 to effectuate such transfers.

27 (3) The number of authorized positions approved for each department, agency, or
28 program as a result of the passage of this Act may be increased by the commissioner of
29 administration in conjunction with the transfer of functions or funds to that department,
30 agency, or program when sufficient documentation is presented and the request deemed
31 valid.

1 (4) The number of authorized positions approved in this Act for each department,
2 agency, or program may also be increased by the commissioner of administration when
3 sufficient documentation of other necessary adjustments is presented and the request is
4 deemed valid. The total number of such positions so approved by the commissioner of
5 administration may not be increased in excess of three hundred fifty. However, any request
6 which reflects an annual aggregate increase in excess of twenty-five positions for any
7 department, agency, or program must also be approved by the Joint Legislative Committee
8 on the Budget.

9 (5) Any employment freezes or related personnel actions which are necessitated as a
10 result of implementation of this Act shall not have a disparate employment effect based on
11 any suspect classification, i.e., race, sex, color, or national origin or any negative impact
12 upon the Equal Employment proposition as set out in the "McDonnell Douglas Test" or Title
13 VII of the 1964 Civil Rights Act, as amended.

14 (6) The commissioner of administration is hereby directed to develop a comprehensive
15 study of the state workforce encompassing each department, agency, and program of state
16 government funded by this Act and the Ancillary Appropriation Act. Based on the
17 completed study, the commissioner shall recommend reductions to state employment. Such

 51 as follows:

52 If the hospital's qualifying uninsured cost is less than 4 percent of total hospital cost, no
 53 payment shall be made.

1 If the hospital's qualifying uninsured cost is equal to or greater than 4 percent of the total
 2 hospital cost but less than 7 percent of total hospital cost, the payment shall be 50 percent
 3 of an amount equal to the difference between the total qualifying cost as a percent to total
 4 hospital cost and 4 percent of total hospital cost.

5 If the hospital's qualifying uninsured cost is equal to or greater than 7 percent of total
 6 hospital cost but less than or equal to 10 percent of total hospital cost, the payment shall be
 7 80 percent of an amount equal to the difference between the totally qualifying uninsured cost
 8 as a percent of total hospital cost and 4 percent of total hospital cost.
 9

17 As a condition of qualification for these payments, hospitals shall submit to the Department
 18 of Health and Hospitals supporting patient-specific data in a format to be defined by the
 19 Secretary, reports on their efforts to collect reimbursement for medical services from patients
 20 to reduce gross uninsured costs, and their most current year-end financial statements. Those
 21 hospitals that fail to provide such statements shall receive no payments, and any payments
 22 previously made shall be refunded to the Department of Health and Hospitals.

23 In the event that the total payments calculated for all recipient hospitals are anticipated to
 24 exceed the total amount appropriated for such purpose, the secretary shall reduce payments
 25 on a pro rata basis in order to achieve a total cost that is not in excess of the amounts herein
 26 appropriated for this purpose.

27 Provided, further, that "qualifying uninsured costs" as used for this distribution shall mean
 28 the hospital's total charges for care provided to uninsured patients multiplied by the

VETO MESSAGE

As authorized by Article III, Section 18(B), and more particularly, Article IV, Section 5(G)(1) of the Constitution of Louisiana, I have exercised my right to veto 20 items of the General Appropriation Bill. I respectfully request that you deliver on my behalf the following message to the members of the Legislature:

By working together, we passed a responsible budget that makes targeted reductions while protecting critical services for our state, and helping to prepare us for future budget challenges. Some wanted to see more reductions to higher education and healthcare. Others wanted to restore funding for some of the reductions. No one got everything they wanted, but we have approved a good budget.

While protecting critical services and streamlining government operations, the FY 11 Budget includes more than \$1 billion less in General Fund direct funding. This means that the FY 11 Budget reflects a decrease of more than \$4 billion compared to the FY 10 total budget.

The FY 11 Budget also reduces the number of full-time, appropriated positions in the executive branch by 2,945. Following prior reductions of 3,326 full-time appropriated positions through budgetary actions in FY 09 and FY 10, approval of this FY 11 recommendation would mean a total of 6,271 fulltime, appropriated positions reduced since 2008.

I appreciate your support and the work we have done together to streamline and reform government, as reflected in this budget, and in our future work together on behalf of the people of Louisiana.

This letter is to communicate that I have vetoed items in House Bill No. 1, as follows:

Veto Message No. 1
Page 5, lines 14-20:

The Commissioner will be making these recommendations to the Legislature as part of the Executive Budget submission process, and therefore, this language is duplicative. Therefore, I am vetoing this item.

Veto Message No. 2
Page 11, lines 23-26:

Neither this language nor professional accounting/auditing standards define what constitutes an unsatisfactory audit nor does this language direct which agency is responsible for making this determination. In addition, the timing of the decision to withhold appropriations is unclear as to whether appropriations would be withheld during the Legislature's annual budgetary process or at the time that an agency is determined to have had two consecutive unsatisfactory audits. Revised Statute 24:554(B) already empowers the Legislative Audit Advisory Council, which has oversight over audit results, to "forward its determination of noncompliance [of an agency] to the Joint Legislative Committee on the Budget and the appropriate oversight committees of the House of Representatives and the Senate." Furthermore, without extensive due process, this policy has the potential to disrupt the operations of agencies that provide critical services to the citizens of the state. Therefore I am vetoing this item.

Veto Message No. 3
Page 42, lines 32-34:

The Attorney General, in his letter to me dated June 23, 2010, stipulates the language in this amendment is in violation of the separation of powers contained in the Louisiana Constitution (Art. II Sec. 2 and Art. IV Sec. 8) and also states the authority to enter into a

legal services contract in order to carry out the function and duties of the Attorney General is reserved to the Attorney General, not the Legislature, by our Constitution. Therefore, I am vetoing this item.

Page 262, lines 39-57; Page 263, lines 1-7:

The effect of this amendment would make Louisiana's taxpayers, not BP, responsible for paying for state government's response to the Deepwater Horizon oil spill. BP, and not Louisiana's taxpayers, should pay for the state's mobilization to protect Louisiana from BP's mess. Also, the funding for this amendment was already allocated to various state agencies by the Joint Legislative Committee on the Budget at its May 19, 2010 meeting. We will continue to work with parishes to make sure their needs are met and that BP fulfills its responsibilities and financial commitments made to local communities. Therefore, I am vetoing this item.
