24 ~~(2)~~(4)(a) A sales tax increment may consist of that portion of state sales tax  
25 revenues of the state of Louisiana and any political subdivision whose boundaries are  
26 coterminous with those of the state collected each year on the sale at retail, the use,

4 for an authorized purpose of the district, the secretary of the Department of

10 Bond Commission prior to execution by the state.

11 (c)(i) The board shall designate the initial annual baseline collection rate for

14 addition, a monthly baseline collection rate shall be determined by dividing the  
15 initial annual baseline collection rate by twelve.

16 (ii) The initial annual baseline collection rate and the monthly baseline  
17 collection rate shall be certified by the chief financial officer of Jefferson Parish.  
18 The certification shall also be published one time in the official journal of Jefferson  
19 Parish.

20 (iii) If the amounts of the initial annual baseline collection rate and the  
21 monthly baseline collection rate are not contested within thirty days after the said  
22 publication, then such amounts shall be conclusively presumed to be valid, and no  
23 court shall have any jurisdiction to alter or invalidate the designation of the amount  
24 of either the initial annual baseline collection rate or the monthly baseline collection  
25 rate.

26 (d) The increment of the sales taxes which are to be pledged and dedicated  
27 to the payment of the revenue bonds or otherwise used for district purposes as  
28 provided in this Section shall be the amount of the sales taxes which are collected in  
29 the district each year in excess of the initial annual baseline collection rate. The

1 pledged sales tax increment may include all or any portion of such excess as  
2 determined by the board.

3 ~~(3)~~(5) Dedication of sales tax increments to pay the revenue bonds or other  
4 use of sales tax increments for district purposes as provided in this Section shall not  
5 impair existing obligations and shall not include tax revenues of a tax authority  
6 previously dedicated for a special purpose unless a majority of the electors within the  
7 territorial jurisdiction of such tax authority voting at an election held for such  
8 purpose approves the use of such tax for the purposes provided for in this  
9 Subsection.

10 (6) In addition to any other authority provided for in this Section and  
11 pursuant to the provisions of R.S. 33:9032 and 9038.33, the district may issue  
12 revenue bonds payable solely from ad valorem tax increments.

13 (7) The governing authority of Jefferson Parish is hereby authorized to  
14 impose and collect a parcel fee within the district subject to and in accordance with  
15 the provisions of this Paragraph:

16 (a) The amount of the fee shall be as requested by duly adopted resolution  
17 of the council. The fee shall be a flat fee per each parcel of land.

18 (b) The fee shall be imposed on each parcel located within the district.

19 (c) For purposes of this Section, "parcel" means a lot, a subdivided portion  
20 of ground, an individual tract, or a "condominium parcel" as defined in R.S.  
21 9:1121.103. Thus with respect to condominiums, the fee collector shall impose the  
22 parcel fee on each lot on which condominiums are situated and not on individual  
23 condominium units.

24 (d) The owner of each parcel shall be responsible for payment of the fee. The  
25 tax collector shall submit the bill for a parcel fee which is to be collected from the  
26 condominium owners to the condominium owners association, and the association  
27 shall pay the fee from funds available for that purpose. The association shall remain  
28 liable for the entire fee until it is paid.

1           (e) The fee shall be imposed only after the question of its imposition has  
2           been approved by a majority of the registered voters of the district voting on the  
3           proposition at an election held for that purpose in accordance with the Louisiana  
4           Election Code. No other election shall be required except as provided by this  
5           Paragraph.

6           (f) The fee shall expire four years from its initial levy.

7           (g) The fee may be renewed as provided in Subparagraph (e) of this  
8           Paragraph.

9           (h) The fee shall be collected at the same time and in the same manner as ad  
10          valorem taxes are collected by the parish.

11          (i) Any parcel fee which is unpaid shall be added to the tax rolls of the parish  
12          and shall be enforced with the same authority and subject to the same penalties and  
13          procedures as unpaid ad valorem taxes.

14          (j) The Jefferson Parish Sheriff's Office shall remit to the district all amounts  
15          collected not more than sixty days after collection. However, the sheriff's office may  
16          retain one percent of the amount collected as a collection fee.

17          J. Exemption from taxes. It is hereby determined that the creation of the  
18          district and the carrying out of its public functions and corporate purposes is, in all  
19          respects, a public and governmental purpose for the benefit of the people of the  
20          state, and for the improvement of their health, safety, welfare, prosperity, and  
21          security, and that said functions and purposes are public purposes and that the  
22          district will be performing an essential governmental function in the exercise of the  
23          powers conferred upon it by this Section. All obligations authorized to be issued by  
24          the district pursuant to the provisions of this Section, together with interest thereof,  
25          income therefrom, and gain upon the sale thereof shall be exempt from all state and  
26          local taxes.

27          K. Dissolution. If the district ceases to exist, any funds of the district shall  
28          be transmitted to the governing authority of Jefferson Parish, and shall be used solely

1 and exclusively for providing supplemental improvements, maintenance, repair, and  
2 upkeep to the streets and related infrastructure of the Metairie CBD area.

3 F. L. Liberal construction. This Section, being for a public purpose and  
4 necessary for the welfare of the state, Jefferson Parish, and their residents, shall be  
5 liberally construed to effect the purposes thereof.

6 Section 2. This Act shall become effective upon signature by the governor or, if not  
7 signed by the governor, upon expiration of the time for bills to become law without signature  
8 by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If  
9 vetoed by the governor and subsequently approved by the legislature, this Act shall become  
10 effective on the day following such approval.

HB No. 1012

**Abstract:** Relative to a special taxing district in Jefferson Parish, expands the boundaries of the district, provides for the establishment of a new governing board, and grants the district additional powers and duties.

Present law authorizes the governing authority of Jefferson Parish to create a special taxing district for the purpose of promoting, encouraging, and participating in infrastructure improvements to stimulate the economy through commerce, industry, and research and for the utilization and development of natural, physical, and human resources of the area. Provides for district boundaries.

Proposed law expands the boundaries of the district and instead provides that the purpose of the district is to promote, encourage, and participate in projects or plans, rather than infrastructure improvements, to stimulate the economy.

Present law prohibits the district from assisting in the development or redevelopment of a hotel (including infrastructure on a development site) except that the district may provide public infrastructure that benefits the public generally outside the development site of a hotel.

Proposed law retains present law.

Present law provides that the district is governed by the governing authority of Jefferson Parish.

Proposed law instead provides that the district is governed by a board of nine members all of whom are required to be qualified voters of the parish and at least seven of whom have their principal place of business in, or principal domicile in, or own property in the district composed as follows:

- (1) One member appointed by the parish president.
- (2) One member appointed by the sheriff of Jefferson Parish.
- (3) Two members appointed by the at-large members of the parish council.
- (4) Three members appointed by the district five councilperson.
- (5) One member appointed by the state senator representing the area or a majority of the area of the district.
- (6) One member appointed by the state representative representing the area or a majority of the area of the district.

Requires board members to serve five-year staggered terms.

Proposed law requires the district to take affirmative steps to provide for the full disclosure of information relating to the public financing and maintenance of improvements to immovable property undertaken by the district.

Proposed law requires the board to collaborate with the parish government to prepare, implement, and maintain a redevelopment plan for the district and a program to implement the redevelopment plan to address capital improvements, which must be a part of the parish's comprehensive plan. Authorizes the district to collaborate to conduct studies and to consult with all departments of the parish and other public or private agencies concerned with matters affected by the program. Authorizes the district to employ or contract with contractors, engineers, architects, attorneys, underwriters, and other professionals. Requires the board to adopt an annual budget in accordance with the Local Government Budget Act.

Present law grants the district all powers of a political subdivision and special taxing district necessary or convenient for the carrying out of its objects and purposes, including but not limited to the following:

- (1) To sue and be sued.
- (2) To adopt bylaws and rules and regulations.
- (3) To receive money, property, aid, or assistance from the U.S., the state, or any political subdivision thereof, or any person, firm, or corporation.
- (4) To enter contracts, agreements, or cooperative endeavors.
- (5) To appoint officers, agents, and employees, prescribe their duties, and fix their compensation.
- (6) To acquire property for carrying out the objectives and purposes of the district and to mortgage or sell such property.
