4 C. The program descriptions contained in this Act are not part of the law and are not
5 enacted into law by virtue of their inclusion into this Act.

11 administration and the Joint Legislative Committee on the Budget. Any increase in such
12 revenues for an agency without an appropriation from the respective revenue source shall
13 be incorporated into the agency's appropriation on approval of the commissioner of

3 Section 5. All key and supporting performance objectives and indicators for the
4 departments, agencies, programs, and budget units contained in the Governor's Executive
5 Budget Supporting Document shall be adjusted by the commissioner of administration to
6 reflect the funds appropriated therein. The commissioner of administration shall report on
7 these adjustments to the Joint Legislative Committee on the Budget by August 12, 2016.

8 Section 6. The following definition is provided for the terms of this Act: "Working
9 Capital" shall be considered the excess of current assets over current liabilities on an accrual
10 basis.

11 Section 7. Should any section, subsection, clause, sentence, phrase, or part of the Act
12 for any reason be held, deemed, or construed to be unconstitutional or invalid, such decisions
13 shall not affect the remaining provisions of the Act, and the legislature hereby declares that
14 it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part
15 thereof, irrespective of the fact that one or more of the sections, subsections, clauses,
16 sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the
17 provisions of this Act are hereby declared severable.

18 Section 8. Internal Service Funds. These funds account for the financing of goods
19 or services provided by one department or agency to other departments or agencies of the

24 Section 9. In conjunction with the continuing assessment of the existing staff, assets,
25 contracts, and facilities of each department, agency, program or budget unit's information
26 technology resources, procurement resources, and human capital resources, upon completion
27 of this assessment and to the extent optimization of these resources will result in the
28 projected cost savings through staff reductions, realization of operational efficiencies, cost
29 avoidance, and elimination of asset duplication, the commissioner of administration is
30 authorized to transfer the functions, positions, assets, and funds from any other department,

1 agency, program, or budget units related to these optimizations to a different department.
2 The provisions of this Section shall not apply to the Department of Culture, Recreation and

2016 Regular Session

Henry

Abstract: Appropriates funds and provides for ancillary expenses of state government, including internal service funds, auxiliary accounts, and enterprise funds.

Proposed law provides for the establishment and reestablishment of agency ancillary funds, to be specifically known as internal service funds, auxiliary accounts, or enterprise funds for certain state institutions, officials, and agencies. Requires the appropriated funds, to the extent deposited, unless otherwise specified, to be used for working capital in the conduct of business enterprises rendering public, auxiliary, and interagency services. Requires receipts from the conduct of such businesses to be deposited to the credit of each ancillary fund for FY 2016-2017. Requires all funds to be expended in accordance with public bid laws.

Proposed law requires, except as otherwise provided, any fund equity resulting from prior year operations be included as a resource of the fund from which it is derived.
