HB 272 Re-Reengrossed

2018 Regular Session

Hall

**Abstract:** Provides relative to group purchasing of school materials, equipment, and supplies.

Present law authorizes any public school district or public school to enter into an agreement with a group purchasing organization for the purchase of materials, equipment, and supplies, including any installation thereof. Requires that any such agreement provide that the organization submit a price list and that the prices quoted remain in effect for a stated period of time, not less than three months. Also provides that any such price list shall be considered a valid and binding bid by the organization.

Present law provides that a price list submitted by a group purchasing organization is not a public record and is not available for public inspection. However, present law provides that the agreement setting forth the existence of the price list and the effective date thereof is a public record and that the portion of the price list setting forth the items being purchased becomes a public record when bids are opened. Proposed law further provides that the list becomes a public record when the purchase contract is executed. Otherwise retains present law.

Proposed law authorizes public school districts and public schools that choose to solicit quotations or bids under present law to consider a price list previously submitted to it by the group purchasing organization as a valid and binding bid for such solicitation.

(Amends R.S. 38:2212.1(N))
