Proposed law requires the Board of Regents, the La. Requires the chief audit executive to maintain organizational independence in accordance with these standards and to have direct and unrestricted access to the secretary (or to the appropriate entity specified in proposed law with regard to postsecondary education agencies and institutions). Requires the chief audit executive to annually certify to the secretary or other specified, appropriate entity that the internal audit function conforms to the Institute of Internal Auditors, International Standards for the Professional Practice of Internal Auditing.

Proposed law further requires the Legislative Audit Advisory Council to hold a hearing if the legislative auditor finds that a state agency required to have an internal audit function does not have an effective internal audit function, including that the agency is not adhering to the Institute of Internal Auditors, International Standards for the Professional Practice of Internal Auditing.
