§1518. Reemployment of a member after military service

A. The qualified military service of a member who has been reemployed in accordance with 26 U.S.C. 414(u) shall be treated for vesting and benefit accrual purposes as service completed under R.S. 11:1514 if the member remits to the fund any employee contributions which would have been required but for the member's leave of absence to perform qualified military service.

B. Effective January 1, 2007, if a member dies while on a leave of absence to perform qualified military service as described in 26 U.S.C. 414(u), his beneficiary is entitled to any benefits, except benefits that accrued during the period of qualified military service, that would have been provided under the plan had the member resumed and then terminated employment due to death, in accordance with 26 U.S.C. 401(a)(37).

20 §1532. Direct rollover of eligible rollover distributions

21 A. Notwithstanding any provision of this pension plan to the contrary that
22 would otherwise limit a distributee's election under this Section, a distributee may
23 elect, at the time and in the manner prescribed by the board of trustees, to have any
24 portion of an eligible rollover distribution paid directly to an eligible retirement plan
25 specified by the distributee in a direct rollover. For this purpose, an eligible rollover
26 distribution is any distribution made on or after December 1, 1994, of all or any
27 portion of the balance to the credit of the distributee, except that an eligible rollover
28 distribution does not include: any equal periodic payments (not less frequently than
29 annually) made for the life (or life expectancy) of the distributee or the joint lives (or
30 joint life expectancies) of the distributee and the distributee's designated beneficiary

1 or for a specified period of ten years or more; any distribution to the extent such
2 distribution is required under Section 401(a)(9) of the Internal Revenue Code,
3 hereinafter referred to in this Section as "the Code"; and the portion of any
4 distribution that is not includable in gross income. An eligible retirement plan is an
5 individual retirement account described in Section ~~408(b)~~ 408(a) of the Code, an
6 individual retirement annuity described in Section ~~408(a)~~ 408(b) of the Code, or a
7 qualified trust described in Section 401(a) of the Code, that accepts the distributee's
8 eligible rollover distribution. In the case of an eligible rollover distribution to a
9 surviving spouse, however, an eligible retirement plan is only an individual
10 retirement account or individual retirement annuity. A distributee includes a
11 member or former member. In addition, the member's or former member's surviving
12 spouse and the member's or former member's spouse or former spouse who is an
13 alternate payee under a qualified domestic relations order, as defined in Section
14 414(p) of the Code, are distributees with regard to the interest of the spouse or
15 former spouse. A direct rollover is payment by the plan to the eligible retirement
16 plan specified by the distributee.

17 B.(1) The fund shall, within a reasonable period of time before making an
18 eligible rollover distribution as provided for in Subsection A of this Section, provide
19 a written explanation of the following to the recipient of such distribution:

20 (a) The provisions under which the recipient may have the distribution
21 directly transferred to an eligible retirement plan and that the automatic distribution
22 by direct transfer applies to certain distributions in accordance with 26 U.S.C.
23 401(a)(31)(B).

24 (b) The provision which requires the withholding of tax on the distribution
25 if it is not directly transferred to an eligible retirement plan.

26 (c) The provisions under which the distribution will not be subject to tax if
27 transferred to an eligible retirement plan within sixty days after the date on which the
28 recipient received the distribution.

29 (d) The provisions under which distributions from the eligible retirement
30 plan receiving the distribution may be subject to restrictions and tax consequences
