Present law provides for the sharing of public equipment between public entities provided that both entities have entered into a cooperative endeavor agreement with provisions concerning the use and maintenance of borrowed equipment.

Proposed law provides for the donation of the use of public equipment and personnel between political subdivisions provided that both parties execute a written agreement with provisions concerning use and maintenance of borrowed equipment and compensation of borrowed personnel.

Proposed law requires the requesting political subdivision to acquire authorization for any activity or function that requires equipment and personnel to be donated on behalf of another public entity.

Present law provides for the donation of equipment in emergency situations and which agencies are authorized to coordinate these donations. Proposed law repeals present law.
