Abstract: Removes fees charged by institutions of higher education from constitutional provisions requiring law enacted by a two-thirds vote of the legislature.

Present constitution requires that all new fees or increases of existing fees imposed by the state or any board, department, or agency of the state be enacted by a two-thirds vote of the legislature. This provision of present constitution applies to tuition and fees charged to students attending public institutions of higher education.

Proposed constitutional amendment exempts from this requirement new or increased fees, excluding tuition, charged to students attending public institutions of higher education.

Provides for submission of the proposed amendment to the voters at the statewide election to be held Oct. 24, 2015.
