(2) A commercial driver's license shall be required when a vehicle is used in commerce as defined in this Chapter, and is a commercial motor vehicle as defined in this Chapter. A farmer shall not need a commercial driver's license when operating a motor vehicle as provided for in Subparagraph (e) of this Paragraph. The department may elect to or, if required by the Federal Highway Administration, shall change the weight and passenger limits expressed herein to conform to regulations by the Federal Highway Administration. The department shall do so by regulations promulgated in accordance with the Administrative Procedure Act subject to oversight by the Joint Legislative Committee on Transportation, Highways and Public Works. A commercial learner's permit issued to an individual of this state or another jurisdiction, in accordance with rules and regulations of the Federal Motor Carrier Administration, when carried with a valid driver's license issued by the same state or jurisdiction, authorizes the permittee to operate a class of commercial motor vehicle when accompanied by a holder of a valid commercial driver's license for purposes of behind-the-wheel training. When issued to the holder of a commercial driver's license, a commercial learner's permit serves as authorization to take part in behind-the-wheel training in a commercial motor vehicle for which the driver is not licensed to drive. The different classes of drivers' licenses to be issued shall be as follows:

An individual who takes a skills test for a Class "A" Commercial Driver's License in a motor vehicle other than a tractor-trailer combination, sometimes referred to as an "eighteen wheeler", shall be issued a license with a restriction prohibiting the operation of a tractor-trailer combination. This restriction shall be lifted only if the individual successfully completes a skills test in a tractor-trailer combination. In all cases, the party completing the skills test

1 certificate shall fully describe on the face of the certificate the vehicle in which the  
 2 skills test was administered. For purposes of this Item, a power unit with a gross  
 3 vehicle weight rating of less than twenty-six thousand one pounds shall not qualify  
 4 as the tractor portion of a tractor-trailer combination. An individual who takes a  
 5 skills test for a Class "A" commercial driver's license in a motor vehicle with the  
 6 power unit and towed unit connected with a pintel hook or other non-fifth wheel  
 7 connection, shall be issued a license with a restriction prohibiting the operation of  
 8 a tractor-trailer combination connected by a fifth wheel that requires a Class "A"  
 9 commercial driver's license.

11 F.(1) The department shall make provisions for testing noncommercial  
 12 driver's license or special certificate applicants in languages other than English and  
 13 for testing deaf applicants. However, this shall not be construed to require the  
 14 department to furnish an interpreter. Except as required by 49 CFR Part 383.133, a  
 15 skills test for a commercial driver's license shall be conducted in English without the
