HB 831 Original

2016 Regular Session

Montoucet

Abstract: Requires public tag agents to image all supporting documents and make those documents available in a state official document image repository.

Present law authorizes the commissioner to establish a system of public license tag agents to collect the registration license taxes. Specifies that the system is to consist of municipal and parish governing authorities or new motor vehicle dealers or their agents as well as authorized auto title companies.

Proposed law requires public license tag agents image all supporting documents and make those documents available in the state official document image repository.
