Regular Session, 2011

1

HOUSE CONCURRENT RESOLUTION NO. 13

BY REPRESENTATIVE LITTLE

WATER/RESOURCES: Urges and requests the state of Arkansas to comply with the Red River Compact

A CONCURRENT RESOLUTION

2	To urge and request the state of Arkansas, the governor of Arkansas, and the Red River
3	Compact Commission to take affirmative action to increase the flow of all streams
4	to the rates agreed to in the Red River Compact.
5	WHEREAS, negotiations on the Red River Compact were authorized by congress
6	in 1955; and
7	WHEREAS, Act No. 71 of the 1978 Regular Session of the Legislature of Louisiana
8	authorized the state of Louisiana to enter the Compact; and
9	WHEREAS, in 1978, the Compact was signed by member states to resolve and
10	prevent disputes over waters of the Red River Basin that are shared between the neighboring
11	states of Arkansas, Louisiana, Oklahoma, and Texas, and to assure the receipt by member
12	states of adequate surface flows and releases; and
13	WHEREAS, the Red River Compact Commission consists of nine members, two
14	members from each of the four states and a federal representative appointed by the President
15	of the United States and serves as commission chairman; and
16	WHEREAS, various state and federal agencies support the compact commissioners
17	in administering the agreement; and
18	WHEREAS, while provisions of the Red River Compact specifically state how much
19	water each signatory state is allowed to develop or store on an interstate stream, the compact

1 generally provides a means of working out problems between member states in an orderly 2 manner, thus preventing the likelihood of litigation in most cases; and 3 WHEREAS, Section 7.03(b) of the Compact sets specific flow rates for certain 4 streams flowing from Arkansas to Louisiana; and 5 WHEREAS, that provision of the Compact provides that the state of Arkansas does 6 not guarantee a minimum flow for streams in the area the Compact describes as Reach IV, 7 but requires the state of Arkansas to take affirmative steps to regulate the diversions or flow 8 in such a manner as to permit an equitable apportionment of the runoff of such streams to 9 the state of Louisiana. 10 THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby 11 urge and request the state of Arkansas, the governor of Arkansas, and the Red River 12 Compact Commission to take affirmative action to increase the flow of all streams to the 13 rates agreed to in the Red River Compact.

DIGEST

governor of the state of Arkansas and the members of the Red River Compact Commission.

BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the
