

1 WHEREAS, House Concurrent Resolution No. 18 passed the House but was deferred
2 by the Senate Committee on Education on June 4, 2015; and

3 WHEREAS, the state constitution provides that if the legislature does not approve
4 the recommendation of the State Board of Elementary and Secondary Education, the
5 minimum foundation program formula last approved remains in effect; and

6 WHEREAS, the last valid minimum foundation program formula was approved in
7 Senate Concurrent Resolution No. 55 of the 2014 Regular Session; and

8 WHEREAS, the legislature finds that increasing the base per pupil amount of
9 funding for public schools by one and three hundred seventy-five thousandths percent
10 (1.375%) would raise that amount from \$3,961 to \$4,015 per student, generating money to
11 partially cover inflationary increases in expenditures and critical education initiatives; and

12 WHEREAS, the base per pupil amount of funding in the minimum foundation
13 program may be adjusted only through legislative approval of a formula adopted by the State
14 Board of Elementary and Secondary Education that provides for such an adjustment; and

15 WHEREAS, in order to provide for an increase in the base per pupil amount of
16 funding in the minimum foundation program, the legislature intends to amend House Bill
17 No. 1 of the 2015 Regular Session to provide for such an increase outside of the minimum
18 foundation program formula by directing the state Department of Education to allocate such
19 funds in the same manner in which they would have been allocated pursuant to the minimum
20 foundation program formula; and

21 WHEREAS, it is the intent of the legislature that this increase in the per pupil
22 amount, although provided for outside of the minimum foundation program formula for the
23 2015-2016 Fiscal Year, be recognized and included by the State Board of Elementary and
24 Secondary Education as a minimum base per pupil amount in future years.

25 THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby
26 urge and request the State Board of Elementary and Secondary Education to recognize and
27 include the increased base per pupil amount in funding to parish and city school systems, as
28 provided in House Bill No. 1 of the 2015 Regular Session, as part of the 2015-2016 Fiscal
29 Year base per pupil amount when developing and adopting a minimum foundation program
30 formula for the 2016-2017 Fiscal Year.

1 BE IT FURTHER RESOLVED that the Legislature of Louisiana urges and requests
2 the State Board of Elementary and Secondary Education to maintain at least this combined
3 base per pupil amount for the 2016-2017 Fiscal Year minimum foundation program formula.

4 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the
5 president of the State Board of Elementary and Secondary Education, state superintendent
6 of education, commissioner of administration, and governor.
