WHEREAS, nearly seven in ten adult smokers would like to quit smoking, and over fifty-six percent of Louisiana smokers have made a quit attempt within the past year; and

WHEREAS, smokers desiring to quit should have access to approved therapies such as counseling, nicotine replacement therapy, and pharmaceutical interventions, as well as multiple channels for outreach and support; and

WHEREAS, Louisiana residents may be unaware of the smoking cessation treatments and services available to them to help them quit, or lack the support they need in order to successfully quit; and
