The Commonwealth of Massachusetts

**In the One Hundred and Eighty-Ninth General Court
(2015-2016)**

An Act relative to continuity of care for families enrolled in MassHealth.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 Section 1. Chapter 118E of the General Laws is hereby amended by inserting after
2 section 9F the following new section:-

3 Section 9G. Primary Care Assignments

4 (a) In the case of a MassHealth member under the age of 18 who is re-enrolled in
5 MassHealth after a lapse in MassHealth coverage of less than 18-months duration, the office of
6 Medicaid shall make every effort to assign the child to the same primary care provider that
7 either, in order of priority:

8 (1) The family had designated as the primary care provider of choice for the child; or

9 (2) The child had been assigned by MassHealth previously.

10 In all cases a more recent, active choice by the family of another primary care provider
11 for the child shall take priority over any of the above.

12 (b) In the case of a MassHealth member under the age of 18 who is enrolled in a
13 Managed Care Plan during a change of networks or contractual arrangements, Medicaid and the
14 plan shall make every effort to assign the child to a new plan that allows for access to the same
15 primary care provider that either in priority:

16 (1) The family had designated as the primary care provider of choice for the child; or

17 (2) The child had been assigned to previously.

18 (c) In the case of a newborn child enrolled in MassHealth who is born to, or adopted by a
19 custodial parent with other children who are enrolled in MassHealth, the office of Medicaid shall
20 make every effort to assign the newborn child to the same primary care provider that sees the
21 older children. In the event that the child's older siblings are assigned to different primary care
22 providers, the office of Medicaid shall assign the child to the same primary care provider as the
23 next youngest child. In all cases, the custodial parents' active choice of a different primary care
24 provider shall be honored.

25 (d) Primary care assignments not meeting the criteria of subsections (a) and (b) above
26 shall not prevent a child from seeing the provider to which they should have been assigned had
27 this criteria been followed by MassHealth, and shall not prevent a primary care provider from
28 being reimbursed for any visit that would have been reimbursed had the requirements of this
29 section been met.
