HOUSE
 , NO. 333 OF 2011-2012.]

The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

An Act making strategic investments in the Commonwealth’s chronically distressed hospitals program.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Notwithstanding any General or Special law to the contrary, there shall be
2 established a program called the Strategic Investment in Chronically Distressed Hospital
3 Program (“SICDSH”). The purpose of said SICDSH program shall be to provide annual
4 additional funding from the Executive Office of Health and Human Services, MassHealth Office,
5 to Disproportionate Share (“DSH”) Hospitals, as defined by 114.1 CMR 36.04 and M.G.L. 118G
6 §1, located in economically distressed or tourist-based communities that consistently show net
7 operating margin below the Massachusetts hospital industry median due to underfunding from
8 MassHealth program reimbursement and losses on publicly funded behavioral health care
9 programs.

10
11 The criteria for a hospital’s eligibility for the SICDSH program shall include consideration of
12 such hospital’s payer mix percentage and its operating margin based on annual hospital filings to
13 the Commonwealth’s Division of Health Care Finance and Policy (the “Division”) for the
14 preceding hospital Fiscal Year, adjusted to exclude any grants awarded from the Essential
15 Community Provider Trust Fund. DSH hospitals that have a corporate affiliation with any

16 managed care organization under contract with the Executive Office of Health and Human
17 Services, Office of MassHealth (“MassHealth Office”), shall not be eligible to participate. The
18 SICDSH program shall provide annual funding relief to eligible DSH hospitals based on an
19 analysis and findings by the Division from a review of the eligibility criteria for relief. DSH
20 hospitals may petition the Division to request a determination of eligibility for a payment
21 through the SICDSH program.

22

23 A determination of eligibility shall cause the MassHealth Office to upwardly adjust said
24 hospital’s MassHealth rates and inpatient psychiatric rates, as reimbursed either through the
25 MassHealth Office or its single statewide contractor for managed behavioral health care services,
26 to bring said eligible hospital’s operating margin up to the industry median for all hospitals
27 statewide, as determined by hospital cost reports on file with the Division for the prior Fiscal
28 Year. Said review and adjustment shall be completed within 90 days of the close of the hospital
29 Fiscal Year for each eligible hospital. Hospitals that receive funding from the SICDSH program
30 shall maintain records of amounts received from the program and of expenditures made from
31 such funds, and shall make such records available for inspection upon request by the Division.
