The Commonwealth of Massachusetts

**In the One Hundred and Ninetieth General Court
(2017-2018)**

An Act relative to strengthening public assistance programs.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. (a) For the purposes of this act, the following terms shall have the following
2 meaning:

3 “department,” the department of transitional assistance, established under section
4 1 of chapter 18 of the General Laws;

5 “division,” the division of medical assistance, established under section 2 of
6 chapter 118E of the General Laws.

7 (b) The department and the division shall each establish a computerized income,
8 asset, and identity eligibility verification system in order to verify eligibility, eliminate the

9 duplication of assistance, and deter fraud within each respective assistance program administered
10 by the department or the division.

11

12 (1) The department and division may each enter into a contract with a third-party
13 vendor for the purposes of developing a system by which to verify the income, asset, and identity
14 eligibility of applicants to prevent fraud, misrepresentation, and inadequate documentation when
15 determining an applicant's eligibility for assistance prior to the distribution of benefits and
16 during eligibility redeterminations and reviews, as prescribed in this section. The department and
17 division may also contract with a vendor to provide information to facilitate reviews of recipient
18 eligibility conducted by the department or the division.

19 (2) If the department or division enters into a contract with a third-party vendor
20 for the purposes of carrying out this section, the vendor shall be required by contract to establish
21 annualized savings realized from implementation of the verification system and savings shall
22 exceed the total yearly cost to the state for implementing the verification system.

23 (c) Prior to awarding or continuing assistance, the department and division shall,
24 to the extent such data bases are available to the department and division, match the social
25 security number of each respective applicant and recipient of assistance from the department or
26 division against the following:

69 established in this section; and

70 (20) a database of all persons who currently hold a license, permit, or certificate
71 from a State agency the cost of which exceeds \$1,000.

72 (d) Prior to awarding or continuing assistance, the department and division shall
73 match the social security number of each respective applicant and recipient of assistance from
74 the department or division, whichever applies, against, at minimum, the following public
75 records:

90 permanent resident status information; and

91 (8) a database which is substantially similar to or a successor of a database
92 established in this section.

93 (e) If a discrepancy results between an applicant or recipient's social security
94 number and one or more of the databases or information tools listed under paragraph (c) and (d),
95 the department and division shall review the respective applicant or recipient's case using the
96 following procedures:

97 (1) if the information discovered does not result in the department or division
98 finding the applicant or recipient ineligible for assistance under this section, the department or
99 division shall take no further action;

100 (2) if the information discovered under paragraph (c) and (d) results in the
101 department or division finding the applicant or recipient ineligible for assistance under this
102 section, the applicant or recipient shall be given an opportunity to explain the discrepancy;
103 provided, however, that self-declarations by applicants or recipients shall not be accepted as
104 verification of categorical and financial eligibility during eligibility evaluations and
105 reevaluations. Recipients and applicants who are present in the United States under 1 of the
106 eligible noncitizen statuses as described in 106 CMR 203.675(A) or 106 CMR 320.620(A) shall
107 have three months to provide a valid social security number; provided that recipients and

108 applicants who are victims of domestic violence, less than 4 months old, asylees, or adopted
109 within the previous year shall have 3 months to provide a valid social security number. Failure
110 to provide a valid social security number within 3 months shall result in the suspension of
111 benefits until a valid social security number is provided and verified by the department, unless
112 under lawfully protected status.

113

114 The department and division, whichever applies, shall provide written notice to said
115 applicant or recipient, which shall describe in sufficient detail the circumstances of the
116 discrepancy, the manner in which the applicant or recipient may respond, and the consequences
117 of failing to take action. The applicant or recipient shall have 15 business days to respond in an
118 attempt to resolve the discrepancy. The explanation provided by the recipient or applicant shall
119 be given in writing. After receiving the explanation, the department or division, whichever
120 applies, may request additional documentation if it determines that there is a substantial risk of
121 fraud;

122 (3) If the applicant or recipient does not respond to the notice, the department or
123 division, whichever applies, shall deny assistance for failure to cooperate, in which case the
124 department or division shall provide notice of intent to discontinue assistance. Eligibility for
125 assistance shall not be reestablished until the significant discrepancy has been resolved.

126 (4) If an applicant or recipient responds to the notice and disagrees with the
127 findings of the match between his or her social security number and one or more databases or
128 information tools listed under this section, the department or division, whichever applies, shall
129 reinvestigate the matter. If the department or division finds that there has been an error, the

130 department or division shall take immediate action to correct it and no further action shall be
131 taken. If, after an investigation, the department or division determines that there is no error, the
132 department or division shall determine the effect on the applicant's or recipient's case and take
133 appropriate action. Written notice of the respective department or division's action shall be given
134 to the applicant or recipient.

135 (5) If the applicant or recipient agrees with the findings of the match between the
136 applicant's or recipient's social security number and one or more databases or information tools
137 listed under this chapter, the department or the division, whichever applies, shall determine the
138 effect on the applicant or recipient's case and take appropriate action. Written notice of the
139 department or division's action shall be given to the applicant or recipient. In no case shall the
140 department or division discontinue assistance as a result of a match between the applicant's or
141 recipient's social security number and one more databases or information tools listed under this
142 chapter until the applicant or recipient has been given notice of the discrepancy and the
143 opportunity to respond.

144 (f) Prior to awarding assistance, applicants for benefits must complete a
145 computerized identity authentication process that shall confirm the applicant owns the identity
146 presented in the application. The Department and Division shall review the respective applicant
147 or recipient's identity ownership using the following procedures:

148 (1) Provide a knowledge-based quiz consisting of out-of-wallet questions. The
149 quiz must provide support for non-banked or under-banked applicants who do not have an
150 established credit history.

151

152 (2) Require the quiz for applications submitted through all channels, including
153 online, in-person, and via phone.

154 (g) The department and division shall each promulgate rules and regulations
155 necessary for the purposes of carrying out this section.

156 SECTION 2. (a) After reviewing changes or discrepancies that may affect
157 program eligibility, the Department or Division shall refer suspected cases of fraud to the bureau
158 of special investigations, the Attorney General, or other agency responsible for prosecuting
159 eligibility fraud, for criminal prosecution, recovery of improper payments, and collection of civil
160 penalties.

161 (b) After reviewing changes or discrepancies that may affect program eligibility, the
162 Department or Division shall refer suspected cases of identity fraud to bureau of special
163 investigations, the Attorney General, or other agency responsible for prosecuting identity theft,
164 for criminal prosecution.

165 (c) In cases of fraud substantiated by the Department or Division, the state should review
166 all legal options to remove enrollees from other public programs, garnish wages, or state income
167 tax refunds until the state recovers an equal amount of benefits fraudulently claimed.

168 (d) After reviewing changes or discrepancies that may affect program eligibility,
169 the Department or Division shall refer suspected cases of fraud, misrepresentation or inadequate
170 documentation to appropriate agencies, divisions or departments for review of eligibility
171 discrepancies in other public programs. This should also include cases where an individual is
172 determined to be no longer eligible for the original program.

173 SECTION 3. Nothing in this section shall preclude the department or division from
174 continuing to conduct additional eligibility verification processes, not detailed in this act, that are
175 currently in practice.

176 SECTION 4. Sections 1, 2, and 3 shall take effect on or before September 30,
177 2018.

178 SECTION 5. Six months following the implementation of sections 1, 2, and 3,
179 and annually thereafter, the department and the division shall each file with the clerks of the
180 house and senate, a report detailing the effectiveness and general findings of each respective
181 computerized income, asset, and identity eligibility verification system, as well as which
182 databases or information tools listed under paragraph (c) and (d) were accessed by the system
183 during eligibility determinations and redeterminations.
