5 comprehensive report on or before October 1, 2020 and at least once every 5 years thereafter,
6 analyzing the performance of the merged non-group and small-group health insurance market, as
7 defined in chapter 176J of the General Laws. In the development of each 5 year report, the
8 division may contract with an outside organization with expertise in fiscal analysis of the private
9 insurance market. It shall be the responsibility of the division, in consultation with the
10 commonwealth health insurance connector authority and the center for health information and
11 analysis, to establish appropriate guidelines and assumptions regarding the health reforms

13 impact of merging the non-group and small-group health insurance markets and make a report
14 considering the impact on the uninsured, currently insured individuals, and employers in the
15 commonwealth.

16 (b) The study shall consider: (i) trends in premiums, cost-sharing, and actuarial value for
17 plans in for individuals and small groups; (ii) characteristics of individuals in the merged market
18 in contrast with characteristics of small group members, including, but not limited to, age, risk
19 score, geography, gender, family size, industry and income; (iii) utilization and spending trends
20 for individual and small group members, sourced from the Massachusetts All-Payer Claims
21 Database, including differences in hospital and primary care practice utilization; (iv) status of
22 competition between carriers in the market, including migration of insureds to new plans, the
23 number of employers offering 1 plan to employees, and the behavior of employees whose
24 employers offer more than 1 plan; and (v) any additional subjects the division considers relevant.
25 In conducting its examination, the organization shall, to the extent possible, obtain and use actual
26 health plan data; provided, however, that such data shall be confidential and shall not be a public
27 record. The division shall publish each report on its website and file the same with the clerks of
28 the house of representatives and senate, the house and senate committee on ways and means, and
29 the joint committee on health care financing.

30 (c) Notwithstanding any general or special law to the contrary, at the request of the
31 commission, all agencies, executive offices, departments, boards, commissions, bureaus,
32 divisions and authorities of the commonwealth shall provide, to the extent possible, relevant data
33 and analysis necessary for the study to the contracted organization; provided however, that such
34 data shall be confidential and shall not be a public record under clause Twenty-sixth of section 7
