79 (a) This chapter applies to:

80 (1) a fiduciary acting under a will or power of attorney executed before, on, or after the  
81 effective date of this chapter;

82 (2) a personal representative acting for a decedent who died before, on, or after the  
83 effective date of this chapter;

84 (3) a conservatorship proceeding commenced before, on, or after the effective date of this  
85 chapter; and

86 (4) a trustee acting under a trust created before, on, or after the effective date of this  
87 chapter.

88 (b) This chapter applies to a custodian if the user resides in this commonwealth or resided  
89 in this commonwealth at the time of the user’s death.

90 (c) This chapter does not apply to a digital asset of an employer used by an employee in  
91 the ordinary course of the employer's business.

92 Section 4. Direction for disclosure of digital assets.

93 (a) A user may use an online tool to direct the custodian to disclose or not to disclose  
94 some or all of the user's digital assets, including the content of electronic communications. If the  
95 online tool allows the user to modify or delete a direction at all times, a direction regarding  
96 disclosure using an online tool overrides a contrary direction by the user in a will, trust, power of  
97 attorney or other record made prior to the date of the direction made by the user using an online  
98 tool.

99 (b) The user may allow or prohibit in a will, trust, power of attorney, or other record,  
100 disclosure to a fiduciary of some or all of the user's digital assets, including the content of  
101 electronic communications sent or received by the user, and the provisions of such will or other  
102 record shall override a contrary direction by the user using an online tool that was made prior to  
103 the date of such will or other record.

104 (c) A user's direction under subsection (a) or (b) overrides (i) a contrary provision in a  
105 terms-of-service agreement that does not require the user to act affirmatively and distinctly from  
106 the user's assent to the terms of service and (ii) a contrary prior direction from the user under  
107 subsection (a) or (b).

108 (d) If the online tool has not been utilized by the user or if the custodian has not provided  
109 an online tool and, in either case, if no direction regarding some or all of the digital assets is  
110 provided to the fiduciary in a will or other record, the fiduciary may petition a court for access to

111 some or all of the user’s digital assets. The court shall grant such access unless it finds that the  
112 fiduciary is not acting in good faith or that such access is prohibited by applicable federal law.

113 Section 5. Terms-of-service agreement

114 (a) Except as otherwise provided in Section 4, this chapter does not change or impair a  
115 right of a custodian or a user under a terms-of-service agreement to access and use digital assets  
116 of the user.

117 (b) Except as otherwise provided in Section 4, this chapter does not give a fiduciary any  
118 new or expanded rights other than those held by the user for whom, or for whose estate, the  
119 fiduciary acts or represents.

120 (c) A fiduciary’s access to digital assets may be modified or eliminated by a user, by  
121 federal law, or, subject to Section 4, by a terms-of-service agreement if the user has not provided  
122 a direction under Section 4(a) or Section 4(b) or the fiduciary has not obtained a court order  
123 issued under Section 4(d).

124 Section 6. Procedure for disclosing digital assets

125 (a) When disclosing digital assets of a user under this chapter, the custodian shall, in  
126 accordance with the direction provided under Section 4(a) or Section 4(b) or a court order issued  
127 under Section 4(d):

128 (1) if requested by the fiduciary or designated recipient, grant a fiduciary or designated  
129 recipient full access to the user’s account;

130 (2) subject to Section 6(d), grant a fiduciary or designated recipient partial access to the  
131 user's account to the extent that such partial access is requested by a fiduciary or designated  
132 recipient; or

133 (3) at the option of the custodian, provide a fiduciary or designated recipient a copy in a  
134 record of any digital asset that, on the date the custodian received the request for disclosure, the  
135 user could have accessed if the user were alive and had full capacity and access to the account.

136 (b) A custodian may assess a reasonable administrative charge for the cost of disclosing  
137 digital assets under this chapter.

138 (c) A custodian need not disclose under this chapter a digital asset deleted by a user.

139 (d) If a user directs or a fiduciary requests a custodian to disclose under this chapter  
140 some, but not all, of the user's digital assets, the custodian need not disclose the assets if  
141 segregation of the assets would impose an undue burden on the custodian. If the custodian  
142 believes the direction or request imposes an undue burden, the custodian or fiduciary may seek  
143 an order from the court to disclose:

144 (1) a subset limited by date of the user's digital assets;

145 (2) all of the user's digital assets to the fiduciary or designated recipient;

146 (3) none of the user's digital assets; or

147 (4) all of the user's digital assets to the court for review in camera.

148 Section 7. Disclosure of content of electronic communications of deceased user

149           If a deceased user consented or a court directs disclosure of the contents of electronic  
150 communications of the user, the custodian shall disclose to the personal representative of the  
151 estate of the user the content of an electronic communication sent or received by the user if the  
152 personal representative gives the custodian:

153           (1) a written request for disclosure in physical or electronic form;

154           (2) a certified copy of the death certificate of the user;

155           (3) an attested copy of the letter of appointment of the personal representative or a small  
156 estate affidavit or court order;

157           (4) unless the deceased user provided direction using an online tool, (i) a copy of the  
158 user's will, trust or other record evidencing the user's consent to disclosure of the content of  
159 electronic communications, (ii) a court order acknowledging that the user consented to the  
160 disclosure of the content of electronic communications to the personal representative under the  
161 user's will, trust or other record or (iii) a court order issued under Section 4(d); and

162           (5) if requested by the custodian:

163           (A) a number, username, address, or other unique subscriber or account identifier  
164 assigned by the custodian to identify the user's account;

165           (B) evidence linking the account to the user; or

166           (C) a finding by the court that the deceased user had a specific account with the  
167 custodian, identifiable by the information specified in subparagraph (A).

168           Section 8. Disclosure of other digital assets of deceased user

169 Unless the deceased user prohibited disclosure of digital assets or the court directs  
170 otherwise, a custodian shall disclose to the personal representative of the estate of a deceased  
171 user a catalogue of electronic communications sent or received by the user and digital assets,  
172 other than the content of electronic communications, of the user, if the representative gives the  
173 custodian:

174 (1) a written request for disclosure in physical or electronic form;

175 (2) a certified copy of the death certificate of the user;

176 (3) an attested copy of the letter of appointment of the representative or a small estate  
177 affidavit or court order; and

178 (4) if requested by the custodian:

179 (A) a number, username, address, or other unique subscriber or account identifier  
180 assigned by the custodian to identify the user's account;

181 (B) evidence linking the account to the user;

182 (C) an affidavit stating that disclosure of the user's digital assets is reasonably necessary  
183 for administration of the estate; or

184 (D) a finding by the court that:

185 (i) the user had a specific account with the custodian, identifiable by the  
186 information specified in subparagraph (A); or

187 (ii) disclosure of the user's digital assets is reasonably necessary for  
188 administration of the estate.

189 Section 9. Disclosure of content of electronic communications of principal

190 To the extent a power of attorney expressly grants an agent authority over the content of  
191 electronic communications sent or received by the principal and unless directed otherwise by the  
192 principal or the court, a custodian shall disclose to the agent the content if the agent gives the  
193 custodian:

194 (1) a written request for disclosure in physical or electronic form;

195 (2) an original or copy of the power of attorney expressly granting the agent authority  
196 over the content of electronic communications of the principal;

198 effect; and

199 (4) if requested by the custodian:

200 (A) a number, username, address, or other unique subscriber or account identifier  
201 assigned by the custodian to identify the principal's account; or

202 (B) evidence linking the account to the principal.

203 Section 10. Disclosure of other digital assets of principal

204 Unless otherwise ordered by the court, directed by the principal, or provided by a power  
205 of attorney, a custodian shall disclose to an agent with specific authority over digital assets or  
206 general authority to act on behalf of a principal a catalogue of electronic communications sent or  
207 received by the principal and digital assets, other than the content of electronic communications,  
208 of the principal if the agent gives the custodian:

- 209 (1) a written request for the disclosure in physical or electronic form;
- 210 (2) an original or a copy of the power of attorney that gives the agent specific authority  
211 over digital assets or general authority to act on behalf of the principal;
- 212 (3) a certification by the agent, under penalty of perjury, that the power of attorney is in  
213 effect and;
- 214 (4) if requested by the custodian:
- 215 (A) a number, username, address, or other unique subscriber or account identifier  
216 assigned by the custodian to identify the principal's account; or
- 217 (B) evidence linking the account to the principal.

218 Section 11. Disclosure of digital assets held in trust when trustee is original user

219 Unless otherwise ordered by the court or provided in a trust, a custodian shall disclose to  
220 a trustee that is an original user of an account any digital asset of the account held in trust,  
221 including a catalogue of electronic communications of the trustee and the content of electronic  
222 communications.

223 Section 12. Disclosure of contents of electronic communications held in trust when  
224 trustee is not original user

225 Unless otherwise ordered by the court, directed by the user, or provided in a trust, a  
226 custodian shall disclose to a trustee that is not an original user of an account the content of an  
227 electronic communication sent or received by an original or successor user and carried,

228 maintained, processed, received, or stored by the custodian in the account of the trust if the  
229 trustee gives the custodian:

230 (1) a written request for disclosure in physical or electronic form;

231 (2) a certified copy of the trust instrument or a certification of the trust under chapter  
232 203E that includes consent to disclosure of the content of electronic communications to the  
233 trustee;

234 (3) a certification by the trustee, under penalty of perjury, that the trust exists and the  
235 trustee is a currently acting trustee of the trust; and

236 (4) if requested by the custodian:

237 (A) a number, username, address, or other unique subscriber or account identifier  
238 assigned by the custodian to identify the trust's account; or

239 (B) evidence linking the account to the trust.

240 Section 13. Disclosure of other digital assets held in trust when trustee is not original  
241 user

242 Unless otherwise ordered by the court, directed by the user, or provided in a trust, a  
243 custodian shall disclose, to a trustee that is not an original user of an account, a catalogue of  
244 electronic communications sent or received by an original or successor user and stored, carried,  
245 or maintained by the custodian in an account of the trust and any digital assets, other than the

260 (b) Unless otherwise ordered by the court or directed by the user, a custodian shall

261 disclose to a conservator the catalogue of electronic communications sent or received by a

262 protected person and any digital assets, other than the content of electronic communications, in

263 which the protected person has a right or interest if the conservator gives the custodian:

275 protected person's property.

276 Section 15. Fiduciary duty and authority

277 (a) The user's rights in digital assets, including the content of electronic communications,  
278 constitute property of the estate of the user to be managed consistent with the legal duties  
279 imposed on a fiduciary charged with managing tangible property, including:

289 (c) A fiduciary with authority over the property of a decedent, protected person, principal  
290 or settlor has the right to access any digital asset in which the decedent, protected person,  
291 principal, or settlor had a right or interest and that is not held by a custodian or subject to a  
292 terms-of-service agreement.

293 (d) A fiduciary acting within the scope of the fiduciary's duties is an authorized user of

319 through 14, a custodian shall comply with a request under this chapter from a fiduciary or  
320 designated recipient to disclose digital assets or terminate an account. If the custodian fails to  
321 comply, the fiduciary or designated recipient may apply to the court for an order directing  
322 compliance.

324 account was made under this chapter.

325 (c) A custodian may deny a request under this chapter from a fiduciary or designated  
326 recipient for disclosure of digital assets or to terminate an account if the custodian is aware of  
327 any lawful access to the account following the receipt of the fiduciary's request.

328 (d) This chapter does not limit a custodian's ability to obtain or require a fiduciary or  
329 designated recipient requesting disclosure or termination under this chapter to obtain a court  
330 order which:

331 (1) specifies that an account belongs to the protected person or principal;

332 (2) specifies that there is sufficient consent from the protected person or principal to  
333 support the requested disclosure; and

334 (3) contains a finding required by law other than this chapter.

335 (e) A custodian and its officers, employees, and agents are immune from liability for an  
336 act or omission done in good faith in compliance with this chapter.

337 Section 17. Uniformity of application and construction

338 In applying and construing this uniform act, consideration must be given to the need to  
339 promote uniformity of the law with respect to its subject matter among states that enact it.

341 This chapter modifies, limits and supersedes the federal Electronic Signatures in Global  
342 and National Commerce Act, 15 U.S.C. section 7001, et seq., but does not modify, limit, or

343 supersede section 101(c) of said act, 15 U.S.C. section 7001(c), or authorize electronic delivery  
344 of any of the notices described in section 103(b) of said act, 15 U.S.C. section 7003(b).

345 Section 19. Severability

346 If any provision of this chapter or its application to any person or circumstance is held  
347 invalid, the invalidity does not affect other provisions or applications of this chapter which can

349 chapter are severable.
