HOUSE No. 01777

By Mr. David B. Sullivan of Fall River, petition (accompanied by bill, House, No. 01777) of James Eldridge and David B. Sullivan relative to liquefied natural gas terminal or ancillary facility licensing requirements. Joint Committee on Telecommunications, Utilities and Energy.

The Commonwealth of Massachusetts

—————
In the Year Two Thousand Eleven
—————

An Act relative to Ch. 91 licensing.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Notwithstanding any general law or regulation to the contrary, before issuing a
2 license under chapter 91 of the general laws for any liquefied natural gas terminal or ancillary
3 facility thereto, the department of environmental protection must determine that such facilities
4 serve a proper public purpose and that the public benefits of licensing such facilities exceed the
5 detriments, taking into account factors that include, but are not limited to, navigational safety;
6 potential impacts to commercial and recreational navigation, the benthic and aquatic
7 environment, fisheries and shellfishing; proximity to residences, elderly housing complexes,
8 schools, hospitals, health care facilities and other population and demographic characteristics;
9 emergency response capabilities; and the extent to which a proposed technology has been used
10 successfully in other similar projects or applications. This act shall apply to all liquefied natural
11 gas terminals or ancillary facilities thereto that have not received a chapter 91 license prior to the
12 effective date of this act.
