**In the One Hundred and Eighty-Ninth General Court  
(2015-2016)**  
\_\_\_\_\_

An Act relative to streamlining municipal finance.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Section 5B of Chapter 40 of the General Laws is hereby amended by  
2 striking in the second sentence of the third paragraph the words "into or."

3 SECTION 2. Section 21A of chapter 44 of the General Laws is hereby amended by  
4 striking out the first sentence and inserting in place thereof the following:

5 The city council of a city, the board of selectmen of a town and the prudential committee,  
6 if any, otherwise, the commissioners of a district, may authorize and provide for the issuance of  
7 refunding bonds or notes of the city, town or district for the purpose of paying or refunding all or  
8 any designated part of an issue of bonds or notes then outstanding, including the amount of any  
9 redemption premium thereon; provided, however, that no such refunding bonds or notes shall be  
10 payable over a period longer than the period during which the original bonds or notes so

11 refunded must be paid pursuant to law; and provided, further, that, notwithstanding any provision  
12 of any general or special law, city charter, city ordinance or city council rule or order to the  
13 contrary, any vote of the city council of a city authorizing and providing for the issuance of  
14 refunding bonds or notes of the city may be introduced and given final passage at one meeting of  
15 the city council, shall not be subject to any publication requirement, shall not be subject to any  
16 referendum provision, and shall be effective upon passage.

17 SECTION 3. Section 21A of chapter 44 of the General Laws is hereby amended by  
18 deleting the first clause of the second sentence and by inserting in place thereof, the following  
19 new clause:

20 The first annual payment of principal on account of an issue of refunding bonds or notes  
21 shall not be later than the last day of the fiscal year in which any of the bonds or notes being  
22 refunded would otherwise have been payable and the annual payments thereafter shall be  
23 arranged in accordance with the provisions of section nineteen;

24 SECTION 4. Section 19 of chapter 44 of the General Laws is hereby amended by adding  
25 at the end of said section, the following new paragraph:

26 Notwithstanding any general or special law to the contrary, the final payment on account  
27 of any bonds issued by a city, town or district may be made not later than the end of the fiscal  
28 year in which such bonds would otherwise have been payable in accordance with the provisions  
29 of Sections 7 and 8 of chapter 44 of the General Laws, or in accordance with any other statutory  
30 authority pursuant to which the issuance of any such bonds was otherwise authorized.

31 SECTION 5. Chapter 44 of the General Laws is hereby amended by striking section 53E  
32 1/2 and adding in place thereof the following section:-

33           Section 53E ½. Notwithstanding the provisions of section fifty three, a city or town may  
34 authorize or rescind authorization for the use of one or more revolving funds by one or more  
35 municipal agency, board, department or office which shall be accounted for separately from all  
36 other monies in such city or town and to which shall be credited only the departmental receipts  
37 received in connection with the programs supported by such revolving fund. Expenditures may  
38 be made from such revolving fund without further appropriation, subject to the provisions of this  
39 section; provided, however, that expenditures shall not be made or liabilities incurred from any  
40 such revolving fund in excess of the balance of the fund nor in excess of the total authorized  
41 expenditures from such fund, nor shall any expenditures be made unless approved in accordance  
42 with sections forty one, forty two, fifty two and fifty six of chapter forty one.

43           Interest earned on any revolving fund balance shall be treated as general fund revenue of  
44 the city or town. No revolving fund may be established pursuant to this section for receipts of a  
45 municipal water or sewer department or of a municipal hospital. No such revolving fund may be  
46 established if the aggregate limit of all revolving funds authorized under this section exceeds  
47 ten percent of the amount raised by taxation by the city or town in the most recent fiscal year for  
48 which a tax rate has been certified under section twenty three of chapter fifty nine. No revolving  
49 fund expenditures shall be made for the purpose of paying any wages or salaries for full time  
50 employees unless such revolving fund is also charged for the costs of fringe benefits associated  
51 with the wages or salaries so paid; provided, however, that such prohibition shall not apply to  
52 wages or salaries paid to full or part time employees who are employed as drivers providing  
53 transportation for public school students; provided further, that only that portion of a revolving  
54 fund which is attributable to transportation fees may be used to pay such wages or salaries and

55 provided, further, that any such wages or salaries so paid shall be reported in the budget  
56 submitted for the next fiscal year.

57           Authorization or rescission of a revolving fund established under the provisions of this  
58 section or any change in the limit on the total amount that may be expended from any such fund  
59 shall be by vote of the annual town meeting in the year prior to the fiscal year in which the  
60 authorization, rescission or change is to first take effect, in a town, upon recommendation of the  
61 finance or appropriations committee, and by vote of the city council in a city, upon  
62 recommendation of the mayor or city manager, in Plan E cities, and in any other city or town by  
63 vote of the legislative body upon the recommendation of the chief administrative or executive  
64 officer. Such authorization shall specify: (1) the programs and purposes for which the revolving  
65 fund may be expended; (2) the departmental receipts which shall be credited to the revolving  
66 fund; (3) the board, department or officer authorized to expend from such fund; (4) a limit on the  
67 total amount which may be expended from such fund in the ensuing fiscal year; and, provided,  
68 further, that no board, department or officer shall be authorized to expend in any one fiscal year  
69 from all revolving funds under its direct control more than five percent of the amount raised by  
70 taxation by the city or town in the most recent fiscal year for which a tax rate has been certified  
71 under section twenty three of chapter fifty-nine. Notwithstanding the provisions of this section,  
72 whenever, during the course of any fiscal year, any new revenue source becomes available for  
73 the establishment of a revolving fund under this section, such a fund may be established in  
74 accordance with this section upon certification by the city auditor, town accountant, or other  
75 officer having similar duties, that the revenue source was not used in computing the most recent  
76 tax levy.

77           In any fiscal year the limit on the amount that may be spent from a revolving fund may be  
78 increased with the approval of the city council and mayor in a city, or with the approval of the  
79 selectmen and finance committee, if any, in a town; provided, however, that the five percent  
80 limit established by clause (4) of the third paragraph is not exceeded.

81           The board, department or officer having charge of such revolving fund shall report to the  
82 annual town meeting or to the city council and the board of selectmen, the mayor of a city or city  
83 manager in a Plan E city or in any other city or town to the legislative body and the chief  
84 administrative or executive officer, the total amount of receipts and expenditures for each  
85 revolving fund under its control for the prior fiscal year and for the current fiscal year through  
86 December thirty first, or such later date as the town meeting or city council may, by vote  
87 determine, and the amount of any increases in spending authority granted during the prior and  
88 current fiscal years, together with such other information as the town meeting or city council  
89 may by vote require.

90           At the close of a fiscal year for which the authorization for a revolving fund under this  
91 section has been rescinded, for the following year, or for which a city or town changes the  
92 purposes for which money in a revolving fund may be spent in the following year, the balance in  
93 the fund at the end of the fiscal year shall revert to surplus revenue unless the annual town  
94 meeting or the city council and mayor or city manager in a Plan E city and in any other city or  
95 town the legislative body vote to transfer such balance to another revolving fund established  
96 under this section.

97           The director of accounts may issue guidelines further regulating revolving funds  
98 established under this section.
