An Act relative to the availability of prescription medication during an emergency.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 Chapter 111 of the General Laws is hereby amended by adding the following section:-

2 Section 236. (a) The department shall, in consultation with the board of registration in  
3 pharmacy, the division of insurance, the office of Medicaid and the Massachusetts emergency  
4 management agency, develop and publicize a statewide plan for ensuring the availability of  
5 prescription medications during a state of emergency declared by the governor. The plan shall, at  
6 a minimum:

7 (1) allow for early refills of prescriptions, if the current amount that a patient possesses is  
8 not expected to last beyond 10 days of the date of the declaration of emergency; provided,  
9 however, that a pharmacist shall confirm such prescription with the prescriber before each refill;

10           (2) ensure that vehicles delivering medications to pharmacies and hospitals shall be given  
11 the same road access available to other emergency vehicles;

12           (3) coordinate among pharmaceutical manufacturers, wholesalers, distributors,  
13 pharmacists and other industry stakeholders;

14           (4) avoid duplicative or redundant supply chain infrastructure; and

15           (5) create a safety net system, including a toll-free telephone number and a website for  
16 persons to contact during the emergency for assistance in locating prescription medication, in the  
17 event no medications are available to them locally.

18           (b) If the governor declares a state of emergency pursuant to section 2A, chapter 639 of  
19 the acts of 1950, or any other applicable law, the commissioner shall implement the statewide  
20 plan for ensuring the availability of prescription medications for the duration of the state of  
21 emergency.
