CHARLES D. BAKER
GOVERNOR

OFFICE OF THE GOVERNOR
COMMONWEALTH OF MASSACHUSETTS
STATE HOUSE · BOSTON, MA 02133
(617) 725-4000

KARYN POLITO
LIEUTENANT GOVERNOR

January 26, 2022

To the Honorable Senate and House of Representatives,

We are pleased to submit to you the Fiscal Year 2023 (FY23) House 2 budget recommendation, the eighth proposal of the Baker-Polito Administration.

This balanced budget recommendation continues to protect core services for the most vulnerable and makes significant investments to promote growth and opportunity while sustaining our administration’s commitment to supporting the Commonwealth’s cities and towns and fully funding the Student Opportunity Act.

This budget is submitted alongside a comprehensive tax relief proposal that will relieve the tax burden for very low-income residents, provide significant relief for housing and childcare costs, and improve the state’s competitiveness.

The House 2 proposal maintains our administration’s fiscally responsible approach to carefully managing the state’s tax dollars and available federal resources as it responds to ongoing impacts from the COVID-19 pandemic. As these needs continue to be addressed, this budget proposal aims to define and pay for core, ongoing state spending with permanent revenue sources. At the same time, we will continue to work with you to utilize federal funds and state surplus dollars through other legislation to support Massachusetts’ families and communities and promote a strong and sustainable recovery.

The budget includes a \$749 million increase to the Stabilization Fund, which will bring the balance to an all-time high of \$6.64 billion by the end of FY23. The fund currently has a balance of \$4.64 billion – more than four times greater than its balance at the start of our administration. We are proud of our collaborative work with the Legislature to bring the budget into structural balance, which has enabled the Stabilization Fund to continuously grow since 2015 and will help ensure the continuity of critical government services in future crises.

The Administration recommends a total of \$48.5 billion in authorized spending and transfers, which is approximately 0.5% above Fiscal Year 2022 (FY22), excluding transfers to the Medical Assistance Trust Fund.

In keeping a commitment first made when we took office, this budget proposal increases support to cities and towns at the same rate of growth of revenues, providing \$1.2 billion to the Commonwealth's cities in towns in Unrestricted General Governmental Aid (UGGA). This funding level reflects a 2.7% increase, consistent with the expected consensus tax revenue growth forecast as announced on January 14, 2022. House 2 supports programs that provide all 351 cities and towns opportunities to access resources to improve local services for residents, including \$6 million for Community Compact-related programs including regionalization and efficiencies grants and \$3 million for district local technical assistance.

Further, the budget recommends fully funding the Student Opportunity Act, providing an increase of \$591.4 million in new funding. This includes an increase of \$485 million in Chapter 70 funding, for a total investment of \$5.989 billion, an increase of \$64.8 million for charter school tuition reimbursement, and \$41 million in additional support for special education circuit breaker reimbursement for cities and towns. House 2 also includes \$31.1 million to scale up proven programs that develop and expand college and career pathways for high school students, with a focus on equity and recruitment of high-need student populations.

To address the rising cost of higher education, this budget proposes the largest increase in financial aid in over two decades with the expansion of the MASSGrant Plus program. A proposed \$18 million increase will enable all low-income, in-state undergraduate students to attend public higher education without incurring debt for mandatory tuition and mandatory fees. The budget also maintains support for the Career Technical Initiative, which offers industry-recognized credentialing opportunities in vocational technical school settings to high school students and adults, providing career pathways to high-demand trades.

To continue promoting racial equality and opportunity, the budget continues support for programs aligned with the recommendations of the Black Advisory Commission (BAC) and the Latino Advisory Commission (LAC), including programs for workforce skills, career pathways, English-language acquisition, small business development, and more.

Increasing access to childcare is also a priority of our administration, and the FY23 proposal includes \$53.9 million to annualize a more equitable parent fee scale that improves

childcare affordability across the Commonwealth, along with over \$15 million in other new initiatives to expand affordable childcare options.

Since taking office, we have been focused on supporting more housing production across Massachusetts, directing significant funds toward the production of more affordable and workforce housing units. Building on that commitment, this budget includes significant investments and housing policy reforms in rental assistance, re-housing benefits, and housing vouchers programs with the goal of reducing evictions and shelter entry. An increase of \$133 million across several housing programs paired with proposed changes to expand eligibility and increase benefits across several programs will allow for long-lasting improvements in housing stability and access to homeownership and expedite recovery for families whose need has been exacerbated by the COVID-19 pandemic.

Investments are also proposed in House 2 to expand health care services for the most vulnerable, while improving the accessibility of equitable care for all residents. The budget proposes an increase of \$21 million to further expand the Medicare Savings Program to reduce out-of-pocket prescription drug costs for 34,000 low-income older adults and disabled individuals. The budget also includes \$115 million to expand outpatient and urgent behavioral health services, informed by the Roadmap for Behavioral Health Reform, which was developed in collaboration with hundreds of families, individuals, providers, and other stakeholders from the behavioral health community. The budget continues to support core social safety net programs and services for MassHealth members, children and families, individuals with disabilities, veterans, and older adults.

House 2 continues to invest in other critical priorities exacerbated by the COVID-19 pandemic, including \$542.3 million for substance addiction prevention and treatment services and \$123.4 million for sexual assault and domestic violence services.

With the FY23 budget recommendation, our administration is also continuing strong support for economic development, workforce training, transportation, the environment, and public safety.

For the past seven years, our administration has focused on making investments that help Massachusetts' families and communities grow and thrive. Through careful management of the Commonwealth's tax dollars in partnership with the Legislature, we have been able to grow the Stabilization Fund to historic levels, without broad-based tax increases on residents.

Our administration's FY23 budget proposal sustains this approach, making key investments to support the Commonwealth's economy, schools, and communities. At the same time, this plan continues to build up the state's reserves and enables us to propose a comprehensive tax cut proposal targeted toward providing relief to low-income families and residents.

We are pleased to again partner with the House and Senate as the FY23 budget process moves forward. We appreciate your prompt consideration of these recommendations.

Sincerely,

Charles D. Baker
Governor

The specified amounts listed below shall be deemed in full satisfaction of the amounts due under said chapter 70.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994 and for any district that has not accepted the provisions of section 260 of chapter 165 of the acts of 2014; provided, that any district for whom such costs are not so considered shall have included as part of net school spending an amount equal to the increase in the foundation budget for the district associated with health care costs of retired teachers.

No payments to cities, towns or counties maintaining an agricultural school under this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted under section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district, or agricultural school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of administration and finance, under guidelines established by the secretary.

The secretary shall to the maximum extent possible, and in compliance with all laws and regulations, administer the fund to obtain federal financial participation for the expenditures of non-federal monies from the fund. Money remaining in the fund at the end of a fiscal year shall not revert to the general fund. The payments from the fund shall supplement and not supplant Medicaid payments that would be made to hospitals in the absence of such payments.

Section 8A. No person or company shall knowingly refer, request, order or send any specimen derived from the human body for examination to a clinical laboratory in which the person or company, or any of its owners, directors, partners, employees or family members thereof have a direct or indirect ownership interest. This section shall not apply to: (i) a clinical laboratory owned by a licensed physician or group of licensed physicians and used exclusively in connection with the diagnosis and treatment of the physician's or group of physicians' own patients and where all testing is performed by or under the direct supervision of said physician or group of physicians; (ii) a hospital or clinic licensed under section 51 of chapter 111 used exclusively in connection with the diagnosis or treatment of the hospital's or clinic's own patients; (iii) a clinical laboratory operated by a college or university exclusively in connection with the diagnosis and treatment of the college or university's own students, staff, and faculty and that meets the requirements in section 7 and department regulations for clinical laboratory director and where all tests are performed under the direct supervision of the clinical laboratory director; or (iv) any case exempted under subsections (b) to (d), inclusive, of 42 U.S.C. section 1395nn or specifically permitted by regulations or rules of the United States Secretary of Health and Human Services, the federal Centers for Medicare or Medicaid Services, the executive office of health and human services or the executive office for administration and finance.

Section 9. Whenever the department finds upon inspection, or through information in its possession, that a clinical laboratory licensed by the department is not in compliance with a requirement prescribed in or established under this chapter, it may by order require the licensee to correct such deficiency. Every correction order shall include a statement of the deficiencies found, the provisions of law relied upon, and the period prescribed for correction, which shall be reasonable and, except in an emergency declared by the commissioner, not less than 30 days after receipt of such order. Within ten days of receipt, the affected licensee may file a written request with the department for administrative reconsideration of the order or any portion thereof. Failure by the department to grant, deny, or otherwise act upon a written request within 10 days after filing shall be deemed a denial.

Section 10. Whenever the department finds upon inspection, or through information in its possession, that a clinical laboratory licensed by the department is not able to provide or is not providing reliable reports of examinations pursuant to the terms of such license, it may by order modify any term of such license as it deems necessary to enable the laboratory to provide reliable reports of examinations. Every license modification order shall include a statement of the reasons for modification, the provisions of law relied upon, and the date fixed for compliance, which date shall be reasonable and, except in an emergency declared by the commissioner, not less than 30 days after receipt of such order.

Except in the case of a license modification imposed as a sanction after hearing under section 11, a licensee in receipt of an order shall have the opportunity for a hearing under the provisions of chapter 30A. If after hearing the licensee establishes that the order, or any portion thereof, is not warranted, the department shall rescind or qualify such order, as appropriate. The filing of a request for a hearing shall not operate as a stay of the compliance date of a license modification order, but the department shall stay the compliance date upon written request, except to the extent that a stay would jeopardize the public health or public safety.

Section 11. The department may revoke the license issued pursuant to section 5 or impose other appropriate administrative sanction upon a license, or both, for conduct by or chargeable to the licensee as follows:

- (1) failure to observe any term of such license;
- (2) failure to meet any requirement for such license established under section 5;
- (3) failure to observe any order made under authority of this chapter or under other statutory authority vested in the department;
- (4) engaging in, or aiding, abetting, causing, or permitting, any action prohibited under section 8;
or
- (5) other proper cause set forth in regulations made under this chapter.

Before sanctioning a licensee, the department shall give such licensee notice of the charges against such licensee, the provisions of law relied upon, and the proposed sanction, and shall afford the licensee the opportunity for a hearing under the provisions of chapter 30A. Where, after hearing, the department finds that cause exists for imposition of a sanction, it need not impose the sanction proposed but may instead impose a lesser sanction if, in its judgment, a lesser sanction is appropriate in the circumstances. In the event revocation is imposed, the licensee shall be permitted a reasonable period in which to cease operation, but in no case less than 30 days after notice of the decision of the department.

Notwithstanding any other provision of this section, the commissioner may, at any time upon notice to the licensee, whether a hearing has been first commenced or not, suspend such licensee's license or issue such other preliminary order as the commissioner considers appropriate for the protection of the health or safety of the public if the commissioner should find that either is in jeopardy; provided, that a hearing shall be commenced within 5 days after such notice in any case of suspension without a prior hearing unless the licensee shall request a postponement. The finding of the commissioner shall be included in such notice.

Section 69A. (a) As used in this section, the following words shall, unless the context clearly requires otherwise, have the following meaning:-

"Fund", the Behavioral Health Access and Crisis Intervention Trust Fund established under section 2RRRRR of chapter 29.

"Payments subject to surcharge", as defined in section 64.

"Surcharge payors", those entities defined as surcharge payors pursuant to section 64, who made payments subject to surcharge in the amount of \$1,000,000 or more during the previous state fiscal year or the most recent state fiscal year for which data is available.
