HOUSE No. 2048

By Ms. Peake of Provincetown, a petition (accompanied by resolve, House, No. 2048) of Sarah K. Peake and others providing for an investigation and study by a special commission (including members of the General Court) to study the health impacts from wind turbines to protect the health of the citizens of the commonwealth. Public Health.

The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

Resolve to establish a commission to study the health impacts from wind turbines to protect the health of the citizens of the commonwealth.

1 Resolved,

2 SECTION 1. Notwithstanding any general or special law to the contrary, there shall be a
3 special commission to investigate and study the incidence and impacts in the commonwealth of
4 adverse health impacts from wind turbines.

5 The commission shall consist of 19 members: 1 member of the senate appointed by the
6 senate president, 1 member of the senate appointed by the senate minority leader; 1 member of
7 the house of representatives appointed by the speaker of the house of representatives, 1 member
8 of the house of representatives appointed by the house minority leader; the commissioner of the
9 department of public health or a designee; the commissioner of the division of health care
10 finance and policy or a designee; the director of the state laboratory institute or a designee; the
11 state epidemiologist or a designee; 8 members appointed by the governor as follows: one shall be
12 a physician who has written a peer-reviewed journal article in an internationally recognized
13 journal on the effects of industrial wind turbine noise on sleep and health; one shall be a NIH
14 researcher with a PhD specializing in the field of otolaryngology; two who are physicians
15 considered experts in the treatment or research of adverse health impacts of wind turbines; two
16 members of local boards of health from different regions of the commonwealth where industrial
17 wind turbines are sited and complaints of adverse health impacts have been registered with local
18 officials in those communities; one member of the executive committee from the wind energy
19 advocacy organization Wind Wise-Massachusetts; one member of the board from the wind
20 energy advocacy organization Wind Wise – Cape Cod; and 3 members of the public who live
21 within 5,000 feet of an operating wind turbine and who have registered health-related complaints

22 with his or her local officials, one of each to be appointed by the regional planning agencies of
23 Barnstable, Berkshire and southeastern Massachusetts.

24 Said study shall include, but not be limited to, a cost-benefit analysis of: (i) conducting a
25 wind turbine adverse health impacts public health clinical screening study in high risk regions;
26 (ii) developing educational materials and training resources for detecting signs and symptoms of
27 adverse health impacts and illnesses in at risk populations including school-aged populations, to
28 be used by clinical providers and school health personnel; (iii) statewide surveillance and testing
29 for adverse health impacts in the proximity of wind turbines, and (iv) educating the medical
30 community about research on all aspects of adverse health impacts of wind turbines, both acute
31 and chronic. The commission shall also investigate the availability of grants and federal funds
32 for the study of adverse health impacts from wind turbines to determine if future action is
33 feasible and warranted to support adverse health impacts from wind turbines research in the
34 commonwealth.

35 Said commission shall report to the senate and house of representatives the results of its
36 investigation and study, together with drafts of legislation, if any, necessary to carry its
37 recommendations into effect, by filing the same with the clerks of the senate and house of
38 representatives, who shall forward the same to the joint committee on public health and the
39 house and senate committees on ways and means by May 1, 2014.
