1 SECTION 1. Section 25C of Chapter 111 of the General Laws is hereby amended by striking the
2 first paragraph and inserting in place thereof the following:

3 Section 25C. Notwithstanding any contrary provisions of law, except as provided in section
4 twenty-five C1/2, no person or agency of the commonwealth or any political subdivision thereof
5 shall make substantial capital expenditures for construction of a health care facility or
6 substantially change the service of such facility unless there is a determination by the department

8 Commonwealth, pursuant to Section 11M of Chapter 12 . No such determination of need shall be
9 required for any substantial capital expenditure for construction or any substantial change in
10 service which shall be related solely to the conduct of research in the basic biomedical or applied
11 medical research areas, and shall at no time result in any increase in the clinical bed capacity or

12 outpatient load capacity of a health care facility, and shall at no time be included within or cause
13 an increase in the gross patient service revenue of a facility for health care services, supplies, and

26 be required for any such expenditure or change if the notice required by this section is not filed
27 in accordance with the requirements of this section, or if the department finds, within sixty days
28 after receipt of said notice, that such expenditure or change will not be related solely to research
29 in the basic biomedical or applied medical research areas, or will result in an increase in the
30 clinical bed capacity or outpatient load capacity of a facility, or will be included within or cause
31 an increase in the gross patient service revenues of a facility. A research exemption granted
32 under the provisions of this section shall not be deemed to be as evidence of need in any
