**The Commonwealth of Massachusetts**

In the One Hundred and Ninety-Third General Court  
(2023-2024)

An Act relative to neighborhood stabilization and economic development.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Section 3 of chapter 70B of the General Laws, as appearing in the 2020  
2 Official Edition, is hereby amended by inserting after the colon, in line 21, the following words:  
3 “neighborhood stabilization,”.

4 SECTION 2. Section 1 of chapter 121A, as so appearing, is hereby amended by replacing  
5 the definitions of “decadent area”, “sub-standard area”, and “project” with the below definitions  
6 of those terms, and inserting the following additional definitions after the definition of “project”-

7 “Decadent area”, an area, including a spot rehabilitation property, which is detrimental to  
8 safety, health, morals, welfare or sound growth of a community because of the existence of a  
9 building or buildings which are out of repair, physically deteriorated, unfit for human habitation,  
10 or obsolete, or in need of major maintenance or repair, or because much of the real estate in  
11 recent years has been sold or taken for non-payment of taxes or upon foreclosure of mortgages,  
12 or because a building or buildings have been torn down and not replaced and in which under

13 existing conditions it is improbable that the building or buildings will be replaced, or because of  
14 a substantial change in business or economic conditions, or because of inadequate light, air, or  
15 open space, or because of excessive land coverage, or because diversity of ownership, irregular  
16 lot sizes or obsolete street patterns make it improbable that the area will be redeveloped by the  
17 ordinary operations of private enterprise, or by reason of any combination of the foregoing  
18 conditions.

19 “Sub-standard area”, an area, including a spot rehabilitation property, upon which there is  
20 a dwelling or wherein dwellings predominate which, by reason of dilapidation, overcrowding,  
21 faulty arrangement or design, lack of ventilation, light, or sanitation facilities, or any  
22 combination of these factors, are detrimental to safety, health, morals, welfare or sound growth  
23 of a community.

24 “Project”, any undertaking consisting of the construction in one or more specified  
25 blighted open, decadent or sub-standard areas of decent, safe and sanitary residential,  
26 commercial, industrial, institutional, recreational or governmental buildings and such  
27 appurtenant or incidental facilities as shall be in the public interest, and the operation and  
28 maintenance of such buildings and facilities after construction. A “project” may include as  
29 incidental thereto any one or more of the following:— (a) acquisition and assembly of the land  
30 (and buildings and structures and other improvements thereon, if any) within a blighted open,  
31 decadent or sub-standard area or areas; (b) clearance of the land within a blighted open, decadent  
32 or sub-standard area or areas; (c) acquisition, assembly and clearance of land, buildings or  
33 structures not in themselves blighted, decadent, or sub-standard if their inclusion is necessary for  
34 the clearance, redevelopment, reconstruction or rehabilitation of a blighted open, decadent or  
35 sub-standard area or areas; and (d) installation, construction, and reconstruction of public and

36 private ways, public utilities and services, and site improvements essential to the preparation of  
37 blighted open, decadent or sub-standard area or areas for beneficial development or  
38 redevelopment.

39 “Spot Blight Project Sponsor”, a community development corporation certified under  
40 chapter 40H; a bona-fide non-profit organization, established under chapter 180 that has, in the  
41 determination of the housing board, satisfactory and sufficient experience in the construction or  
42 rehabilitation of residential or non-residential buildings, the creation or provision of affordable  
43 housing, the restoration of abandoned property, the revitalization and improvement of  
44 neighborhoods, or a similar purpose; a redevelopment authority established under chapter 121B;  
45 or a partnership of two or more of any of the foregoing; that is approved under this chapter to  
46 rehabilitate a spot rehabilitation property.

47 “Spot Rehabilitation Property”, a residential single-family home, a residential building  
48 with not more than four separate units, a commercial property under 10,000 square feet with a  
49 building or buildings thereon, or any building under 10,000 square feet with a mix of residential  
50 and commercial uses that meets the following criteria: (a) the building or buildings on the  
51 property have been vacant for the last twelve months, (b) construction has not begun pursuant to  
52 a building permit that has been issued to conduct rehabilitation of the building or buildings on  
53 the property for the purpose of making the property habitable or useable for commercial  
54 purposes, and (c) the municipality has made a determination that the building or buildings are  
55 distressed, upon consideration of the following: the building or buildings are out of repair,  
56 physically deteriorated, unfit for human habitation, or obsolete, or in need of major maintenance  
57 or repair, or because the building has been sold or taken for non-payment of taxes or upon  
58 foreclosure of mortgages.

59           “Spot Rehabilitation Project”, any project, the subject of which consists exclusively of  
60 spot rehabilitation properties.

61           SECTION 3. Chapter 121A of the General Laws, as so appearing, is hereby further  
62 amended by deleting section 7A and inserting in its place the following:

65 chapter or a spot blight project sponsor may purchase or lease from a housing authority,  
66 redevelopment authority, municipality or other public body real estate acquired by such  
67 authority, municipality or public body for land assembly and redevelopment or urban renewal  
68 purposes under chapter one hundred and twenty-one B, upon such terms and conditions,  
69 consistent with this chapter, as shall be approved by the housing board and may erect and  
70 maintain a project upon the land so acquired. Such corporation shall not be required to offer its  
71 stock to the owners of the real estate within the location of the project and such owners have no  
72 preferential right to subscribe thereto; but in all other respects the provisions of this chapter shall  
73 be applicable to corporations acting thereunder and their projects.

74           SECTION 4. Section 11 of chapter 121A, as so appearing, is hereby further amended by  
75 inserting the following paragraph after the third paragraph:

77 municipality, to sell, exchange, give or otherwise transfer in whole or in part the land or interests
