11 information between a prescriber, dispenser, pharmacy benefit manager, or group purchaser,
12 either directly or through an intermediary, including an e-prescribing network.

13 "E-prescribing system", a system that provides for electronic prescribing in accordance with the
14 Code of Federal Regulations title 42, part 423.

15 "Practitioner", a physician, dentist, nurse or other person duly authorized by law in the state in
16 which they have the authority to prescribe drugs.

17 "Qualified EHR", an electronic record of health-related information on an individual that: (i)
18 Includes patient demographic and clinical health information, such as medical history and
19 problem lists; and (ii) Has the capacity: (a) To provide clinical decision support; (b) To support
20 physician order entry; (c) To capture and query information relevant to health care quality; and
21 (d) To exchange electronic health information with, and integrate such information from other
22 resources.

23 (b) All practitioners involved in patient care shall establish and maintain an e-prescribing system
24 as defined herein, by January 1, 2013, and have access to an e-prescribing in the location(s)
25 where they practice; provided, however, if such a system is established in a licensed health care
26 facility where the practitioner prescribes, the requirement of this section shall not apply.

27 The commissioner is authorized to promulgate rules and regulations in order to carry out
28 the provisions of this section.

29 (c) Health insurers shall establish and maintain by January 1, 2013, drug formularies for
30 Commonwealth subscribers in a standardized format for certified electronic health records and e-

31 prescribing software to download for providers to access and at no cost to providers and
32 electronic health record or e-prescribing vendors.

33 SECTION 2. This act shall take effect upon passage.
