**HOUSE . . . . . No. 2594**

By Mr. Hecht of Watertown, a petition (accompanied by bill, House, No. 2594) of Jonathan Hecht and others for legislation to promote the use of electric vehicles through sales tax incentives and other benefits. Revenue.

The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

An Act to promote the use of electric vehicles.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 Section 1. As used in this Act, the following words shall have the following meanings:

2 "Electric vehicle", a four-wheeled passenger motor vehicle that meets each of the  
3 following requirements:

4 (i) Is made by a manufacturer primarily for use on public streets, roads, and  
5 highways and meets National Highway Traffic Safety Administration standards for passenger  
6 vehicles;

7 (ii) Has not been modified from original manufacturer specifications with regard to  
8 power train or any manner of powering the vehicle;

9 (iii) Draws propulsion energy from a battery that is designed to be recharged from an  
10 external source of electricity;

11 (iv) Is rated at not more than 8,500 pounds unloaded gross vehicle weight; and

12 (v) Has a maximum speed capability of at least 55 miles per hour

13 "Electric vehicle charging system ", a system that meets each of the following  
14 requirements:

15 (i) Is capable of providing electricity from a non-vehicle source to charge the  
16 batteries of one or more electric vehicles;

17 (ii) Meets recognized standards, including standard SAE J1772 of SAE International;  
18 and

19 (iii) Is designed and installed in compliance with article 625 of the National Electrical  
20 Code.

21 Section 2. Electric vehicles shall be authorized to travel, without regard to number of  
22 occupants, on lanes designated within the Commonwealth for use by high-occupancy vehicles.

23 Section 3. Electric vehicles that draw propulsion energy solely from a battery shall not  
24 be subject to the emissions component of the inspection required by section 7A of chapter 90.  
25 The secretary of administration and finance, based on a recommendation of the registrar of motor  
26 vehicles, shall determine a discounted amount to be charged for the other components of such  
27 inspection.

28 Section 4. (a) All municipally owned or leased parking areas and facilities with at least  
29 100 parking spaces and any improved or enclosed property used as an off-street parking area  
30 with at least 100 parking spaces for businesses, shopping malls, theaters, auditoriums, sporting or  
31 recreational facilities, cultural centers, residential dwellings, or for any other place where the  
32 public has a right of access as invitees or licensees shall have at least one parking space per 100  
33 parking spaces designated exclusively for electric vehicles and equipped with an electric vehicle  
34 charging system located at each said parking space. Said parking spaces may be located  
35 anywhere in the parking structure or lot, provided that no parking space designated for electric  
36 vehicles shall displace or reduce accessible stalls required by the Americans with Disabilities Act  
37 Accessibility Guidelines. Use of said parking spaces shall be restricted to electric vehicles while  
38 charging the vehicle's battery. Said parking places shall be clearly marked and their restricted  
39 use shall be enforced.

40 (b) Nothing in this section shall preclude owners or operators of said parking places from  
41 levying reasonable fees for use of an electric vehicle charging system.

42 Section 5. Section 6 of chapter 64H of the General Laws is hereby amended by inserting  
43 at the end thereof the following new subsections:

44 (yy) Sales of electric vehicles up to eight thousand dollars of the sales price.

45 (zz) Sales of replacement parts for electric vehicles which are directly related to the  
46 electric propulsion system, including but not limited to the vehicle battery and electric motor.

47 (aaa) Sales of electric vehicle charging systems and replacement parts for such systems.
