The Commonwealth of Massachusetts

In the Year Two Thousand Eleven

An Act providing for more efficient wetlands protection by avoiding unnecessary duplication in local wetlands ordinances or bylaws.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 8C of chapter 40 of the General Laws, as appearing in the 2008 Official
2 Edition, is hereby amended by inserting at the end of thereof the following:-

3 A conservation commission may administer and enforce a local wetlands ordinance or by-law
4 that is adopted by a municipality, only to the extent that it imposes standards or other
5 requirements that are more stringent than or otherwise exceed those set forth in section 40 of
6 chapter 131 and the department of environmental protection regulation promulgated pursuant to
7 section 40 of chapter 131, and only if, prior to adoption by a municipality, the department of
8 environmental protection shall review and approve any such proposed local wetlands ordinance

9 or by-law based upon findings that the proposed ordinance or by-law has a generally recognized
10 scientific basis, is a recommended best management practice technique, and is warranted given
11 the unique resources that the local ordinance or by-law identifies as being in need of special or
12 enhanced protection in that municipality.

13 SECTION 2. Ordinances or by-laws effective as of the date of this act shall be enforceable to the
14 extent allowed by section 1 of this Act, provided that, within one year from the effective date of
15 this act, the department of environmental protection makes the findings set forth in section 1 with
16 respect to the particular ordinance or by-law and municipality in question.
