An Act bringing Mass Save in line with climate goals.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. Chapter 23J of the General Law, as appearing in the 2022 official edition, is  
2 hereby amended by adding the following sections:

3           “Section 15. (a) The board shall govern and oversee Mass Save, the commonwealth’s  
4 residential conservation service program. Mass Save shall exist as an entity within the center.

5           (b) (1) The board shall select a qualified individual to act as executive director of Mass  
6 Save by majority vote and shall establish their salary. The board shall work with the executive  
7 director to oversee and coordinate Mass Save and its programming. The executive director shall  
8 serve for a term of 3 years.

9           (2) The executive director shall attend meetings of the board and may, subject to the  
10 approval of the board, employ other employees or clerical staff. The executive director shall  
11 present to the board for its approval annual budgets, staffing plans, operating plans and  
12 production plans.

13           (3) The executive director shall coordinate directly with the energy efficiency advisory  
14 council, the department of public utilities, and program administrators in their official duties to  
15 oversee Mass Save. The executive director shall ensure Mass Save offers programs that improve  
16 energy efficiency, promote building decarbonization, reduce greenhouse gas emissions pursuant  
17 to chapter 21N of the General Laws, as appearing in the 2022 official edition, and reduce  
18 ratepayer costs when possible.

19           (4) The executive director shall oversee and coordinate the creation of a single  
20 application portal for all decarbonization and energy efficiency programs for businesses,  
21 residents, and building owners to streamline the Mass Save process.

22           (c) The executive director shall submit an annual report by December 31 each year to the  
23 Secretary of Energy and Environmental Affairs and the chairs of the joint committee on  
24 telecommunications, utilities and energy of the senate and house of representatives and the  
25 senate and house committees on ways and means. The report shall include an overview of Mass  
26 Save’s role in achieving the greenhouse gas emissions limits pursuant to said chapter 21N.”
