- (b) Upon the declaration of an emergency pursuant to subsection (a), the committee may authorize a temporary increase in the rate of compensation for private counsel appointed or assigned to care and protection cases in that county who, prior to the declaration of an emergency, have billed not less than 350 hours in the current fiscal year as private counsel appointed or assigned to care and protection cases or who have billed not less than 700 hours in the previous fiscal year as private counsel appointed or assigned to care and protection cases. The committee shall designate a certain minimum number of cases to be taken by each private appointed counsel who is designated eligible to receive the emergency temporary rate of compensation. The temporary increase in the rate of compensation shall be for new case assignments made on or after the date of the declaration of an emergency pursuant to subsection (a). The temporary increase in the rate of compensation shall apply for the duration of those new case assignments. The temporary increase in the rate of compensation for private counsel appointed or assigned to care and protection cases approved by the committee shall not exceed \$75 per hour. If the committee determines that the increase in the rate of compensation has not resulted in a sufficient increase in the number of care and protection assignments being taken by private counsel, the committee may modify the eligibility criteria. The chief counsel shall notify the chairs of the house and senate committees on ways and means upon any such modification.
- (c) Upon the declaration of an emergency pursuant to subsection (a), the chief counsel of the committee may waive the annual cap on billable hours for private counsel appointed or

assigned to represent clients in care and protection cases in the specified county; provided,
however, that any counsel appointed or assigned to such cases shall not be paid for any time
billed in excess of 2,000 billable hours.
