HOUSE No. 3618

By Representative Cusack of Braintree, a petition (accompanied by bill, House, No. 3618) of Mark J. Cusack and others relative to establishing a statewide standard prehospital care protocol related to the assessment, treatment and transport of stroke patients. Public Health.

The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Third General Court
(2023-2024)**

An Act relative to stroke system of care.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 Notwithstanding any general or special law to the contrary, not later than 180 days after
2 the effective date of this act, the department of public health shall promulgate regulations that
3 create: (i) a statewide standard prehospital care protocol related to the assessment, treatment and
4 transport of stroke patients by emergency medical services providers to a hospital designated by
5 the department to care for stroke patients; provided, however, that the protocol shall be based on
6 national evidence-based guidelines for transport of stroke patients, consider transport that crosses
7 state lines and include plans for the triage and transport of suspected stroke patients including,
8 but not limited to, those who may have an emergent large vessel occlusion, to an appropriate
9 facility within a specified timeframe following the onset of symptoms and additional criteria to
10 determine which level of care is the most appropriate destination; provided further, that the
11 department shall develop said protocol in consultation with the expert stroke advisory taskforce
12 established pursuant to subsection (c) of section 51L of chapter 111 of the General Laws; and (ii)
13 recommended national evidence-based quality and utilization measure sets for stroke care for use

14 by the center for health information and analysis pursuant to section 14 of chapter 12C of the
15 General Laws; provided, however, that the department shall consider measures in current use in
16 national quality improvement programs including, but not limited to, the Centers for Medicare
17 and Medicaid Services, the National Quality Forum, the Paul Coverdell National Acute Stroke
18 Program or other nationally-recognized data platforms.
