House Bill No. 3900, as amended on April 24, April 25 and April 26, 2023, and as passed to be engrossed by the House. April 26, 2023.

The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Third General Court
(2023-2024)**

An Act making appropriations for the fiscal year 2024 for the maintenance of the departments, boards, commissions, institutions, and certain activities of the Commonwealth, for interest, sinking fund, and serial bond requirements, and for certain permanent improvements.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is immediately to make appropriations for the fiscal year beginning July 1, 2023, and to make certain changes in law, each of which is immediately necessary or appropriate to effectuate said appropriations or for other important public purposes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. To provide for the operations of the several departments, boards, commissions and institutions of the commonwealth and other services of the commonwealth and for certain permanent improvements and to meet certain requirements of law, the sums set forth in this act, for the several purposes and subject to the conditions specified, are hereby appropriated from the General Fund unless specifically designated otherwise, subject to the provisions of law regulating the disbursement of public funds and the approval thereof for the fiscal year ending June 30, 2024. All sums appropriated under this act, including supplemental and deficiency budgets, shall be expended in a manner reflecting and encouraging a policy of nondiscrimination and equal opportunity for members of minority groups, women and persons with a disability. All officials and employees of an agency, board, department, commission or division receiving funds under this act shall take affirmative steps to ensure equality of opportunity in the internal affairs of state government and in their relations with the public, including those persons and organizations doing business with the commonwealth. Each agency, board, department, commission and division of the commonwealth, in spending appropriated sums and discharging its statutory responsibilities, shall adopt measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rates of compensation, in-service or apprenticeship training programs and all other terms and conditions of employment.

SECTION 1A. In accordance with Articles LXIII and CVII of the Articles of Amendment to the Constitution of the Commonwealth and section 6D of chapter 29 of the General Laws, it is hereby declared that the amounts of revenue set forth in this section by source for the respective funds of the commonwealth for the fiscal year ending June 30, 2024 are necessary and sufficient to provide the means to defray the appropriations and expenditures from such funds for said fiscal year as set forth and authorized in this act. The comptroller shall keep a distinct account of actual receipts from each such source by each such fund to furnish the executive office for administration and finance and the house and senate committees on ways and means with quarterly statements comparing such receipts with the projected receipts set forth in this section, and include a full statement comparing such actual and projected receipts in the annual report for said fiscal year pursuant to section 12 of chapter 7A of the General Laws. The quarterly and annual reports shall also include detailed statements of any other sources of revenue for the budgeted funds in addition to those specified in this section.

SECTION 3 LOCAL AID DISTRIBUTIONS.

SECTION 3. Notwithstanding any general or special law to the contrary, for the fiscal year ending

June 30, 2024, the distribution of unrestricted general government aid to cities and towns of the balance of the State Lottery and Gaming Fund, as paid from the General Fund in accordance with clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, and additional funds from the General Fund and the Gaming Local Aid Fund, shall be \$1,250,896,634 and shall be apportioned to cities and towns in accordance with this section.

Notwithstanding section 2 of chapter 70 of the General Laws, as amended by chapter 132 of the acts of 2019, or any other general or special law to the contrary, except for section 12B of chapter 76 and section 89 of chapter 71 of the General Laws, for fiscal year 2024 the total amounts to be distributed and paid to each city, town and regional school district from items 7061-0008 and 7061-0009 of section 2, shall be as set forth in the following lists. The specified amounts distributed from said item 7061-0008 of said section 2 shall be deemed in full satisfaction of the amounts due under chapter 70 of the General Laws.

For fiscal year 2024, except as otherwise provided in this section, a district's school aid shall be calculated according to the provisions of said chapter 70 of the general laws, as most recently amended by chapter 132 of the acts of 2019, also known as the Student Opportunity Act. The foundation budget category of "low-income enrollment" for the purpose of calculating foundation enrollment shall be the higher of: (a) the number of students identified as economically-disadvantaged by qualifying as a match in the commonwealth's direct certification system, as maintained in the executive office of health and human services virtual gateway system: supplemental nutrition assistance program (SNAP), temporary assistance for needy families (TANF), Medicaid (MassHealth) and foster care, or (b) the district's fiscal year 2016 low-income percentage multiplied by its current foundation enrollment. The assumed special education enrollment percentage for vocational school students shall be set at 4.90 per cent, the assumed special education enrollment percentage for non-vocational school students shall be set at 3.90 per cent and foundation enrollment shall be based on actual enrollment as reported to the department of elementary and secondary education on October 1, 2021.

The per-pupil rates for the employee benefits and fixed charges allotments shall be adjusted by the foundation employee benefits inflation rate and the per-pupil rates for all other foundation allotments shall be adjusted by the foundation inflation index. Foundation increments shall be the additional resources provided for the education of students designated as English learners or low-income; provided, however, that for low-income students the amount of the foundation increment shall be determined by the low-income group into which each district is assigned; and provided further, that districts shall be assigned to low-income groups based on the share of low-income students in the district. Foundation budget rates for employee benefits and fixed charges, guidance and psychological services, special education out-of-district tuition, English learners and low-income students shall be increased by one-sixth of the gap between the fiscal year 2021 rates and the target rates established by said chapter 70 and shall be set as identified in the tables below.

Required local contributions shall be calculated using the provisions of said chapter 70, as so amended; provided, that municipal revenue growth factors shall be calculated in a manner consistent with calculations made in fiscal year 2023; provided further, that the total state target local contribution shall be 59 per cent and the effort reduction percentage shall be 100 per cent.

For fiscal year 2024, base aid shall be the amount of chapter 70 school aid provided to the district in the prior fiscal year. Foundation aid shall be the difference between the district's foundation budget and the required local contribution. Minimum aid shall be the greater of a district's: (i) minimum aid adjustment less its base aid; and (ii) a district's foundation enrollment multiplied by \$60.

Chapter 70 aid for fiscal year 2024 shall be the greater of: (i) foundation aid, or (ii) the sum of base aid and minimum aid. No non-operating district shall receive chapter 70 aid in an amount greater than the district's foundation budget.

If there is a conflict between the language of this section and the distribution listed below, the distribution below shall control.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994 and for any district that has not accepted the provisions of section 260 of chapter 165 of the acts of 2014; provided, however, that any district for whom such costs are not so considered shall have included as part of net school spending an amount equal to the increase

in the foundation budget for the district associated with health care costs of retired teachers.

No payments to cities, towns or counties maintaining an agricultural school under this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted under section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district or independent agricultural and technical school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of administration and finance, under guidelines established by the secretary.

1 SECTION 3A. Section 3 of chapter 6 of the General Laws, as appearing in the 2020
2 Official Edition, is hereby amended by striking out the figure “\$36,025”, in line 2, and
3 inserting in place thereof the following figure:- \$45,025.

4 SECTION 3B. Chapter 6A of the General Laws is hereby amended by adding the
5 following section:-

6 Section 109. (a) For the purposes of this section, the following words shall, unless the
7 context clearly requires otherwise, have the following meanings:

8 “Government agency”, any state agency, quasi-state agency, sub-division of a state
9 agency, or board, commission or entity created by the commonwealth.

10 “Personal identifying information”, information: (i) that directly identifies an individual,
11 including name, address, social security number or other identifying number or code;
12 (ii) by which an agency intends to identify specific individuals in conjunction with other
13 data elements, which shall include indirect identification that may compile an identity,
14 such as a combination of gender, race, birth date, geographic indicator and other
15 descriptors; or (iii) that permits the physical or online contacting of a specific
16 individual.

17 (b) Every government agency that collects demographic data as to the race or
18 ethnicity of residents of the commonwealth shall use separate collection and
19 tabulations for the following:

20 (i) each major Asian group, as reported by the United States Census Bureau,
21 including, but not limited to, Chinese, Japanese, Filipino, Korean, Vietnamese, Asian
22 Indian, Laotian, Cambodian, Bangladeshi, Hmong, Indonesian, Malaysian, Pakistani,
23 Sri Lankan, Taiwanese, Nepalese, Burmese, Tibetan and Thai;

24 (ii) each major Pacific Islander group, as reported by the United States Census
25 Bureau, including, but not limited to, Native Hawaiian, Guamanian, Samoan, Fijian

41 each government agency shall make the data available to the public in accordance
42 with state and federal law. Data may be maintained in paper, electronic or other
43 media form. To prevent identification of individuals, the data may be aggregated into
44 categories at a state, county, city, census tract or zip code level to facilitate
