**HOUSE . . . . . No. 444**

By Representatives Cruz of Salem and Reyes of Lawrence, a petition (accompanied by bill, House, No. 444) of Manny Cruz, Estela A. Reyes and others for legislation to expand the use of career and academic plans. Education.

**The Commonwealth of Massachusetts**

**In the One Hundred and Ninety-Third General Court  
(2023-2024)**

An Act to expand the use of career and academic plans.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Chapter 71 of the General Laws is amended by adding the following two  
2 new sections:-

3 Section 100. (a) For the purposes of this section, the following terms shall have the  
4 following meanings:

5 “college and career pathway program”, a high school based program, designated by the  
6 department of elementary and secondary education, which offers a sequenced and/or career-  
7 themed set of academic and/or work-based learning experiences, including designated early  
8 college, vocational-technical education and innovation pathways programs, which can lead to, in  
9 the department’s opinion, improved college and career readiness outcomes.

10 “individual learning plan”, a plan devised by individual students with assistance from a  
11 designated educator that provides a clear and detailed student academic pathway from secondary

12 to post- secondary education or career with regard to coursework, sequencing and experiences  
13 beyond the classroom, beginning in the ninth grade or earlier.

14 “MyCAP”, an acronym for My Career and Academic Plan, a process for creating a  
15 student’s individual learning plan as defined in this subsection, and supported by utilization of an  
16 online platform,

17 (b) All public school districts shall ensure that all high school students, beginning in the  
18 ninth grade, have developed, with the support of a designated educator and an online platform  
19 approved by the department of elementary and secondary education, an individual learning plan  
20 as defined in subsection a of this section. Said plans shall allow students to continue to adapt said  
21 plans and to make reasonable and relevant changes to their plans through the course of their  
22 secondary education that allow for a continuing process of alignment with the student’s needs  
23 and planning goals. Districts will provide support to students to participate in the development  
24 and refinement of their plans. Districts will also make every reasonable effort to offer students  
25 the experiences identified in their plans to ensure alignment with, and accomplishment of, the  
26 student’s goals for post-graduate success.

27 (c) Nothing contained herein will prevent districts from beginning the process of having  
28 students develop individual learning plans prior to beginning high school, for students within  
29 their jurisdictions.

30 (d) Districts shall report annually to the department of elementary and secondary  
31 education on their progress in meeting the requirements contained in this section.

32 (e) The department of elementary and secondary education shall develop guidance for  
33 districts to oversee and ensure their compliance with the provisions of this section, aligned with

34 their current guidance to districts utilizing the structure of the MyCAP system and its component  
35 parts.

36 Section 2. Section 1 shall take effect for the school year beginning after July 1, 2026.
