HOUSE No. 596

By Ms. Benson of Lunenburg, a petition (accompanied by bill, House, No. 596) of Jennifer E. Benson and others relative to single payer health care. Health Care Financing.

The Commonwealth of Massachusetts

**In the One Hundred and Ninetieth General Court
(2017-2018)**

An Act to ensure effective health care cost control.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 Section 1 of Chapter 12C of the General Laws is hereby amended by inserting after the
2 definition of “Self-insured group” the following definitions:-

3 “Single payer benchmark”, the estimated total costs of providing health care to all
4 residents of Massachusetts under a single payer health care system in the previous year, as
5 established in section 23.

6 “Single payer health care”, a system providing publicly financed, universal access to
7 health care for the population through a unified public health care plan, simplifying
8 administration and allowing the budgeting of health care spending.

9 Chapter 12C of the General Laws is hereby amended by inserting after section 22 the
10 following:-

11 Section 23. (a) The center shall monitor, review, and evaluate reports related to single
12 payer health care; provided, however, that the center shall also monitor the performance of single

13 payer health care systems in other states and countries. (b) The center shall establish a single
14 payer benchmark that shall be an estimate of the total cost of providing health care to all
15 residents of Massachusetts under a single payer health care system during the previous year,
16 provided that the single payer health care system offers continuous, comprehensive, affordable
17 coverage for all Massachusetts residents regardless of income, assets, health status, or
18 availability of other health coverage. (c) The center, in conjunction with the Health Policy
19 Commission, shall include in its annual report, as mandated by section 16 (a), a comparison of
20 the single payer benchmark with the actual health care spending in the state for the previous
21 year, indicating whether the state would have saved money while expanding access to care under
22 a single payer health care system.

23 Chapter 6D of the General Laws is hereby amended by inserting after section 18 the
24 following:-

25 Section 19. If at the outset of fiscal year 2018 the board determines that the single payer
26 benchmark, as calculated by the Center for Health Information and Analysis under Section 23 of
27 Chapter 12C, has outperformed the actual total health care spending and spending growth in the
28 state, the Health Policy commission shall, no later than June 30, 2019, submit a “Single Payer
29 Health Care Implementation Plan” to the Legislature for consideration. The Implementation Plan
30 will be developed after holding public hearings and meetings across the state, and will consist of
31 legislation to implement a single payer health care system for Massachusetts, as defined in
32 Section 1 of Chapter 12C, and that offers continuous, comprehensive, affordable coverage for all
33 Massachusetts residents regardless of income, assets, health status, or availability of other health
34 coverage.
