An Act permitting review of financial assurance mechanisms.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Chapter 111 of the General Laws is hereby amended by inserting after  
2 section 150A 1/2 the following section:-

3 Section 150A ¾. (a) Any owner, successors or assigns, of a former landfill site subject to  
4 post-closure requirements shall be granted a review of their financial assurance mechanism after  
5 every 10-year period of compliance with Department of Environmental Protection, herein the  
6 department, protocols. Said review, shall be conducted only at the request of the owner,  
7 successors or assigns, of a former landfill site subject to post-closure requirements and shall be  
8 conducted by the department.

9 The department shall have the burden of demonstrating the continuing need for a  
10 financial assurance mechanism and shall assess whether the bond should be reduced, increased,  
11 terminated, or left as is, based upon considerations of environmental safety, historical data, and

12 the subject's past compliance history. The department shall provide site-specific data to support  
13 its finding.

14 Any entity deemed to 1) be in compliance with all post-closure requirements and 2) still  
15 conducting an ongoing commercial enterprise at said site shall be entitled to an earned reduction  
16 of their financial assurance mechanism in the amount of 20% of their outstanding bond after  
17 each review. Cumulative earned reductions over the entire post-closure period shall not exceed  
18 80% of the original financial assurance mechanism.

19 (b) Any owner, successor or assigns, of a former landfill site subject to post-closure  
20 requirements who has maintained their entity for greater than 10 years at time of passage shall be  
21 entitled to an immediate review pursuant to section (a).

22 (c) Any owner, successor or assigns, of a former landfill site subject to post-closure  
23 requirements who have not maintained their entity for greater than 10 years at the time of  
24 passage shall be eligible for review under section (a) 10 years from the time of passage.

25 The department shall promulgate rules and regulations regarding such review within 180  
26 days of passage.
