3 section:-

4 Section 28. (a) As used in this section, the following words shall have the following

6 “Characterizing flavor”, a distinguishable taste or aroma, other than the taste or aroma of
7 tobacco, imparted or detectable before or during consumption of an electronic nicotine delivery

14 water or reconstituted tobacco sheet, that is added by the manufacturer to an electronic nicotine
15 delivery system during the processing, manufacturing or packaging of the electronic nicotine

17 “Distinguishable”, perceivable by the sense of smell or taste.

19 29. “Flavored electronic nicotine delivery system”, any electronic nicotine delivery system that
20 contains a constituent that has or produces a characterizing flavor.

21 “Manufacturer”, a person that manufactures or produces an electronic nicotine delivery
22 system.

24 however formed, or a club, trustee, agency or receiver.

26 business in which an electronic nicotine delivery system is offered for sale to consumers.

27 “Retailer”, a person that operates a retail establishment.

28 “Smoke constituent”, any chemical or chemical compound in mainstream or sidestream
29 smoke that transfers from any component of the electronic nicotine delivery system to the smoke

33 manufactured, produced, marketed or sold to produce a characterizing flavor when added to any
34 electronic nicotine delivery system.

54 violations of section 6.

55 (f) Marijuana or marijuana products as defined in section 1 of chapter 94G shall not be
