Resolve establishing a study on alternative retirement benefits of public employees.

1           **Resolved**, Notwithstanding any general or special law to the contrary, the Massachusetts  
2 state retirement board, hereinafter “the board”, shall conduct a study relative to employees who  
3 are members of the state’s public retirement system, and their spouses or beneficiaries, who are  
4 or may be subject to the federal elimination provision, “WEP”, and the federal governmental  
5 pension offset provision, “GPO”. The purpose of the study is to identify how the commonwealth  
6 can improve and provide financial support to public employee retirees whose social security  
7 benefit amounts have been or are reduced by the effects of WEP and GPO. The study shall  
8 identify alternative public and private retirement programs and resources of the commonwealth  
9 that are available to said employees and their spouses and beneficiaries, as well as identify the  
10 barriers, including relative laws, policies and procedures, to accessing such programs and  
11 resources. The study shall make recommendations that include, but not limited to: improving  
12 access to such alternative retirement programs and resources; improving existing programs and

13 resources of the commonwealth; establishing new programs and resources, funding, and policies  
14 that ensure public employees and their spouses and beneficiaries have sufficient access to  
15 retirement programs and resources that may supplement for the loss of social security amount  
16 incurred from the effects of WEP and GPO.

17           The board shall work in collaboration with, but not limited to: the public employee  
18 retirement administration commission; the Massachusetts teachers' retirement board; other  
19 offices, departments and agencies of the commonwealth, as appropriate.

20           The board shall submit a report of its findings and recommendations to the clerks of the  
21 house of representatives and the senate, the house and senate committees on ways and means, the  
22 joint committee on revenue, the joint committee on labor and workforce development, joint  
23 committee on municipalities and regional government, and the joint committee on public service,  
24 not later than December 31, 2023.
