LIEUTENANT GOVERNOR

*May 28, 2021*

To the Honorable Senate and House of Representatives,

As we approach the Memorial Day, a date dedicated to honoring and mourning service members who have died in the performance of their duties, I am re-filing for your consideration a bill entitled “An Act Relative to Establishing the Massachusetts Medal of Fidelity.” This legislation would authorize the Massachusetts National Guard to award the Medal of Fidelity to the next-of-kin of Massachusetts service members who die as the result of service-connected illnesses, conditions, or injuries that are related either to exposure to harmful toxins, herbicides, agents, and materials or to service-related post-traumatic stress disorder or traumatic brain injury. This legislation was previously filed, but given the demands and constraints facing us all during the pandemic, the session ended before it could be passed into law.

The Medal of Fidelity will complement the existing Medal of Liberty, which is presented to the families of Massachusetts veterans who die of combat-related physical injuries. While similar to the Medal of Liberty, the Medal of Fidelity will instead recognize service-connected injuries related to exposure to harmful substances like Agent Orange and conditions like Gulf War Syndrome, in addition to combat-related mental illness. The bill authorizes a commission, composed of the Adjutant General of the Massachusetts National Guard and two field grade officers, to make Medal of Fidelity award recommendations to the Governor.

The creation of a Medal of Fidelity will allow the Commonwealth to recognize the enormous toll that illnesses and injuries outside of combat can take, not only on service members

but also on their families and loved ones. This is the first medal of its kind given by the Commonwealth to recognize veterans who have lost their lives as the result of service-connected illness and injuries like those described above. The Medal of Fidelity represents our commitment to supporting our service members before, during, and after their military service and to honoring the sacrifices they and their families make in service to the United States. I urge the swift enactment of this legislation.

Respectfully submitted

Charles D. Baker,  
*Governor*
